Of Mormon Trailer:

Shooting Polaris John Hales, 2013-04-24 Shooting Polaris is John Hales's fascinating and far reaching account of working as a government surveyor in the southern Utah desert. In it he describes his search for a place in the natural world beginning with an afternoon spent tracking down a lost crew member who cracked up on the job and concluding with his supervising a group of at risk teenagers on a backpacking trip in the Escalante wilderness. In between he depicts a range of experiences in and outside nature including hostile barroom encounters between surveyors and tourists, weekends spent climbing Navajo Mountain and floating what remains of Glen Canyon and late night arguments concerning the meaning and purpose of nature with the eccentric polygamist who ran the town in which the surveyors parked their bunk trailers. Although this work is autobiographical, Shooting Polaris is so much more. It is a reflection on man's relationship to nature and work, American history and the movement into the West, the desire to impose order and the contrary impulse for unmediated experience, the idealistic legacy of the sixties, the influence of the Mormon Church and the often antagonistic relationship of American capitalism to sound ecological management. Along the way Hales introduces engaging characters and reveals the art, science and history of surveying an endeavor that turns out to be surprisingly profound. **Plain Aesthetics** David

Fenner, 2024-02-21 Plain Aesthetics is an introduction to philosophical aesthetics and the philosophy of art written for all audiences. While students studying philosophy will find it informative, it is specifically constructed to be accessible to anyone, even those with no background in philosophy. It contains no jargon or technical language except where such terms are defined at their point of use. Philosophers and theorists are discussed only where appropriate and their views explained in context. Plain Aesthetics is written as a conversation between the author and the reader and employs a great many examples of fascinating and influential artworks. Images and other works are presented to the reader both within the text and through an innovative interactive system. This book makes aesthetics accessible to everyone. *Trailer Life*, 1977 **Vitaphone**

Films Roy Liebman, 2015-05-20 The headline of the Variety extra on October 27, 1926 proclaimed Vitaphone's Thrills. L. A. Vitaphone, a subsidiary of Warner Bros. formed in association with Western Electric, was one of the major producers of talkies, even though its sound-on-disc technology barely lasted four years. The Vitaphone features and shorts that have survived intact or that have been so carefully restored preserve much of the show business history that might otherwise have been lost with the industry's fast-paced advances in movie making. This book is a catalogue of Vitaphone features and shorts. The first section lists the features and shorts by release number. The New York productions, 1926-1940, are listed first, followed by the West Coast productions, 1927-1970. For shorts, the following particulars, if known and if applicable, are given: title, alternate title, instrumental and vocal selections performed on screen, composer's and performers of instrumental and vocal selections, release date and synopsis of the film, names of major cast members and directors, set information if two or fewer sets were used, and the amount paid to early performers. For features, entries list release dates, genre, and major cast members. The

section on performers includes only those who appeared in shorts listing dates and places of birth when known **Brick and Clay Record** ,1922 Brick ,1922 **Behind Closed Doors** Natalie R.
