And Called Witness Missional Theology Culture:

Called to Witness Darrell L. Guder, 2015-09-06 Distillation of crucial issues for the church by one of the leading voices in missional theology Since the publication of the groundbreaking volume *Missional Church* in 1998 there has been wide ranging engagement with the theme of the missional church One of the leading voices in the missional church conversation Darrell Guder here lays out basic theological issues that must be addressed for the church to serve God faithfully as Christ's witnessing people Guder argues that there are major consequences for every classical theological locus if the fundamental claims of the missional church discussion are acknowledged In *Called to Witness* he delves into these consequences saying that we need to keep doing missional theology until it is possible to leave off the missional scaffolding because after all mission defines the very essence and calling of the church

The Continuing Witness of the Missional Church Jason Byassee, Albert Y. S. Chu, Tim Dickau, Ross A. Lockhart, Andrea Perrett, 2025-06-09 For the last three decades the growing field of missional theology has helped equip Christian communities to adapt to the challenge of Christian witness in a post Christendom world For many who lead these ministries one scholar in particular has offered a powerful and compelling vision of what it means to walk worthily in an increasingly secular context Darrell Guder From Guder's role as editor of *Missional Church: A Vision for the Sending of the Church in North America* to his impact as a sought after lecturer in seminary classrooms around the world to his personal mentorship of young leaders seeking an effective witness of their own Guder is treasured in both church and academy In recent years Guder's role as senior fellow in residence at St Andrew's Hall helped build the Vancouver based Centre for Missional Leadership to equip ministries for contextual mission In recognition of Guder's impact on the world of missional theology this collection of essays celebrates Guder's theological insight while exploring the future priorities and possibilities for the missional church conversation in the years ahead

Called into the Mission of God Roji T. George, 2020-11-03 In *Called into the Mission of God* Roji George argues that Paul's primary interest was neither doctrinal teaching nor the articulation of an anti imperial discourse Instead he contends that amidst the many problems that faced the local Thessalonian community problems arising out of eschatological fears ethical difficulties in the community and persecution from outside groups Paul brought primarily a missional concern to impart ethical exhortation and eschatological teaching in a political language The book will be helpful to those theologians scholars teachers and students grappling with the message of Paul in his own time and in ours *Called into the Mission of God* represents an increasing commitment on the part of Fortress Press to support the wide dissemination of the best theological and biblical writing by the best scholars from the Global South

Ecclesial Futures: Volume 1 Issue 1 Nigel Rooms, Steve Taylor, 2020-06-30 *Ecclesial Futures* publishes original research and theological reflection on the development and transformation of local Christian communities and the systems that support them as they join in the mission of God in the world We understand local Christian communities broadly to include traditional parish churches and independent local

churches religious communities and congregations new church plants so called fresh expressions of church emergent churches and new monastic communities We are an international and ecumenical journal with an interdisciplinary understanding of our approach to theological research and reflection the core disciplines being theology missiology and ecclesiology Other social science and theological disciplines may be helpful in supporting the holistic nature of any research e g anthropology and ethnography sociology statistical research biblical studies leadership studies and adult learning The journal fills an important reflective space between the academy and on the ground practice within the field of mission studies ecclesiology and the so called missional church This opportunity for engagement has emerged in the last twenty or so years from a turn to the local and the local church and in the western world at least from the demise of Christendom and a rapidly changing world which also affects the church globally The audience for the journal is truly global wherever the local church and the systems that support them exists We expect to generate interest from readers in church judicatory bodies theological seminaries university theology departments and in local churches from all God s people and the leaders amongst them

Missional Theology John R. Franke,2020-11-17 The notion of missional church and theology has become ubiquitous in the current ecclesial and theological landscape But what is it all about In this clear and accessible introduction to missional theology noted theologian John Franke connects missional Christianity with the life and practice of the local church He helps readers reenvision theology showing that it flows from an understanding of the missional character and purposes of God Franke also explores the implications of missional theology such as plurality and multiplicity **T. F. Torrance as Missional Theologian** Joseph H. Sherrard,2021-06-01 What contribution can T F Torrance make to the discussion of a missional view of the church Theologian and pastor Joseph Sherrard considers how Torrance s theology can inform the church s understanding of its ministry and mission in particular his appeal to the church s participation in the ascended Christ s threefold office as king prophet and priest *Evangelical Theological Method* Stanley E. Porter,Steven M. Studebaker,2018-07-10 How should one approach the task of theology This Spectrum volume brings together five evangelical theologians with distinctly different approaches to the theological task who present their own approach and respond to each of the other views Emerging from this theological conversation is an awareness of our methodological commitments and the benefits that each can bring to the theological task *Missional Economics* Michael Barram,2018-05-24 American Christians today says Michael Barram have a signifi cant blind spot when it comes to economic matters in the Bible In this book Barram reads biblical texts related to matters of money wealth and poverty through a missional lens showing how they function to transform our economic reasoning Barram searches for insight into God s purposes for economic justice by exploring what it might look like to think and act in life giving ways in the face of contemporary economic orthodoxies The Bible repeatedly tells us how to treat the poor and marginalized Barram says and faithful Christians cannot but reflect carefully and concretely on such concerns Written in an accessible style this biblically rooted study reflects years of research

and teaching on social and economic justice in the Bible and will prove useful for lay readers preachers teachers students and scholars Reading the Bible Missionally Michael Goheen, 2016-11-27 Academy of Parish Clergy's Top Ten Books for Parish Ministry Insights from a noteworthy convergence of top scholars in biblical studies and missiology Over the past half century it has become clear that mission is a central theme in the Bible's narrative and moreover is central to the very identity of the church This book significantly widens and deepens the emerging conversation on missional hermeneutics Essays from top biblical and missiological scholars discuss reading the Scriptures missionally using mission as a key interpretive lens Five introductory chapters probe various elements of a missional hermeneutic followed by sections on the Old and New Testaments that include chapters on two books from each to illustrate what a missional reading of them looks like Essays in two concluding sections draw out the implications of a missional reading of Scripture for preaching and for theological education CONTRIBUTORS Craig G Bartholomew Richard Bauckham Carl J Bosma Tim J Davy Dean Flemming John R Franke Mark Glanville Michael W Goheen Joel B Green Darrell L Guder George R Hunsberger Timothy M Sheridan Christopher J H Wright N T Wright **Call to Mission and Perceptions of Proselytism** John Baxter-Brown, 2022-04-13 Proselytism remains one of the most divisive issues in global Christianity jeopardizing many ecumenical initiatives and projects Almost all traditions accuse others of proselytism but none readily confess to it as one tradition's mission and evangelism is another's proselytism This work brings together for the first time significant formal statements from Christian bodies and churches alongside articles from leading commentators in this hotly contested issue It gives clergy academics and students a vital resource in understanding the perspectives of different traditions and therefore the opportunity to study and understand viewpoints and opinions from competing perspectives The volume originates in a process of work commissioned by the World Pentecostal Fellowship the World Council of Churches the World Evangelical Alliance and the Roman Catholic Church under the auspices of the Global Christian Forum We discovered that there are no easy answers that resolve the tensions and debates about proselytism but through listening and understanding different voices new opportunities for establishing constructive relationships can and do emerge
