PETER SINGER

And Famine Affluence Morality Peter Singer

Gillian Brock, Darrel Moellendorf

And Famine Affluence Morality Peter Singer:

Famine, Affluence, and Morality Peter Singer, 2015-11-04 In 1972 the young philosopher Peter Singer published *Famine Affluence and Morality* which rapidly became one of the most widely discussed essays in applied ethics Through this article Singer presents his view that we have the same moral obligations to those far away as we do to those close to us He argued that choosing not to send life saving money to starving people on the other side of the earth is the moral equivalent of neglecting to save drowning children because we prefer not to muddy our shoes If we can help we must and any excuse is hypocrisy Singer's extreme stand on our moral obligations to others became a powerful call to arms and continues to challenge people's attitudes towards extreme poverty Today it remains a central touchstone for those who argue we should all help others more than we do As Bill and Melinda Gates observe in their foreword in the age of today's global philanthropy Singer's essay is as relevant now as it ever was This attractively packaged concise edition collects the original article two of Singer's more recent popular writings on our obligations to others around the world and a new introduction by Singer that discusses his current thinking **Famine, Affluence, and Morality / Hunger, Wohlstand und Moral.**

Englisch/Deutsch Peter Albert David Singer, 2023-11-17 Angenommen ich stehe an einem Teich und muss mitansehen wie ein Kind ertrinkt würde mir bei der Rettungsaktion aber meinen teuren neuen Anzug ruinieren Möchte ich das Kind nicht trotzdem retten Wenn nun das durchaus zumutbar wäre Warum teile ich dann nicht meinen Besitz mit jemandem dem ich dadurch das Leben retten könnte ohne dass mich das unzumutbar viel kosten würde Das Kind im Teich ist nicht nur eines der berühmtesten philosophischen Gedankenexperimente sondern direkt auch die Kernidee des effektiven Altruismus aus einer sozialen Bewegung die Singer maßgeblich geprägt hat Der Band bietet eine Neuübersetzung sowie einen genauen Kommentar und zeichnet die Wirkungsgeschichte dieses so maßgeblichen Textes nach *Comment on "Famine, Affluence, and Morality" by Peter Singer. A brief evaluation* Tim Windbrake, 2021-09-17 Essay from the year 2020 in the subject Philosophy Theoretical Realisation Science Logic Language grade First Class Honours London School of Economics language English abstract This essay claims that Singer's argument We ought to be preventing as much suffering as we can without sacrificing something else of comparable moral importance is valid but unsound It acknowledges his overall purpose to alleviate absolute poverty and his more recent attempts of rewriting the concept to make his conclusion less demanding and thereby more appealing to a broader audience Nevertheless this essay will solely focus on the strong version of his initial argument

Current Debates in Global Justice Gillian Brock, Darrel Moellendorf, 2006-03-30 Issues of global justice dominate our contemporary world Increasingly philosophers are turning their attention to thinking about particular issues of global justice and the accounts that would best facilitate theorizing about these This volume of papers on global justice derives from a mini conference held in conjunction with the Pacific Division meeting of the American Philosophical Association in Pasadena California in 2004 The idea of holding a mini conference on global justice was inspired by the growth of interest in such

questions and it was hoped that organizing the mini conference 1 would stimulate further good writing in this area We believe that our mission has been accomplished We received a number of thoughtful papers on both theoretical and more applied issues showing excellent coverage of a range of topics in the domain of global justice A selection of some of the very best papers is published in this special issue of The Journal of Ethics In particular we tried to include papers that would reflect some of the range of topics that were covered at the conference to give readers a sense of both the scope of the field as it is currently emerging and the direction that the debates seem to be taking As a result of increased attention to theorizing about global justice cosmopolitanism has enjoyed a resurgence of interest as well

Rethinking Peter Singer Gordon R. Preece, 2002-01-01 Who is Peter Singer What does he say about issues like abortion infanticide euthanasia and animal rights What does he say about Christianity What exactly is his philosophy Peter Singer is probably the world's most famous or infamous contemporary philosopher says Gordon Preece Recently appointed as professor of bioethics at Princeton University's Center for Human Values Singer is best known for his book on animal rights *Animal Liberation* and for his philosophical text *Practical Ethics* But underneath his seemingly benign agenda lies perhaps the most radical challenge to Christian ethics proposed in recent times In *Rethinking Peter Singer* four of Singer's contemporaries fellow Australian scholars Gordon Preece Graham Cole Lindsay Wilson and Andrew Sloane grapple with Singer's views respectfully but incisively From a straightforwardly Christian perspective they critique Singer's thought in four major areas abortion and infanticide euthanasia animal rights and Christianity *Rethinking Peter Singer* is not only for those who want to understand Singer's views but also for all who want to challenge the thinking that more and more informs our society's stance on moral issues

The Individual and the Political Order Norman E. Bowie, Robert L. Simon, 2008 This fourth edition of *The Individual and the Political Order* provides a careful accessible and reasoned liberal justification for the democratic state and political authority The central feature of liberalism is the commitment to individual autonomy The authors show how that commitment provides a defense of democracy and they give a liberal interpretation to such core values as liberty equality and political authority Although the authors support liberal theory they also provide a sympathetic treatment of the critics of liberalism The authors give a sound explanation of such positions as feminist political theory communitarianism and post modernism but they also argue persuasively that these theories fall short as adequate theories of the political order A significant feature of the new edition is the treatment of international issues and globalization particularly the war on terrorism and poverty in the third world This edition retains its balanced treatment of such major theorists as Hobbes Locke Rousseau Rawls and in this edition Marx This edition continues the tradition of readability balance and careful argumentation that characterized the earlier editions *The Individual and the Political Order* is accessible to a wide audience and to nearly all individuals who are interested in how citizens in a state should be governed

Political Theory of Global Justice Luis Cabrera, 2006-02-03 This book offers a moral argument for world government claiming that not only do we have strong obligations to people elsewhere but that

accountable integration among nation states will help ensure all persons can lead a decent life Justice Without Borders Kok-Chor Tan, 2004-10-28 The cosmopolitan idea of justice is commonly accused of not taking seriously the special ties and commitments of nationality and patriotism This is because the ideal of impartial egalitarianism which is central to the cosmopolitan view seems to be directly opposed to the moral partiality inherent to nationalism and patriotism In this book Kok Chor Tan argues that cosmopolitan justice properly understood can accommodate and appreciate nationalist and patriotic commitments setting limits for these commitments without denying their moral significance This book offers a defense of cosmopolitan justice against the charge that it denies the values that ordinarily matter to people and a defence of nationalism and patriotism against the charge that these morally partial ideals are fundamentally inconsistent with the obligations of global justice Accessible and persuasive this book will have broad appeal to political theorists and moral philosophers **Justice and Global Politics** Ellen Frankel Paul, Fred D. Miller (Jr.), Jeffrey Paul, 2006 Since the end of the Cold War there has been increasing interest in the global dimensions of a host of public policy issues issues involving war and peace terrorism international law regulation of commerce environmental protection and disparities of wealth income and access to medical care Especially pressing is the question of whether it is possible to formulate principles of justice that are valid not merely within a single society but across national borders The thirteen essays in this volume explore a range of issues that are central to contemporary discussions of global politics Written by prominent philosophers political scientists economists and legal theorists they offer valuable contributions to current debates over the nature of justice and its implications for the development of international law and international institutions Moral Responsibility and the Boundaries of Community Marion Smiley, 1992-06 The question of responsibility plays a critical role not only in our attempts to resolve social and political problems but in our very conceptions of what those problems are Who for example is to blame for apartheid in South Africa Is the South African government responsible What about multinational corporations that do business there Will uncovering the true facts of the matter lead us to the right answer In an argument both compelling and provocative Marion Smiley demonstrates how attributions of blame far from being based on an objective process of factual discovery are instead judgments that we ourselves make on the basis of our own political and social points of view She argues that our conception of responsibility is a singularly modern one that locates the source of blameworthiness in an individual's free will After exploring the flaws inherent in this conception she shows how our judgments of blame evolve out of our configuration of social roles our conception of communal boundaries and the distribution of power upon which both are based The great strength of Smiley's study lies in the way in which it brings together both rigorous philosophical analysis and an appreciation of the dynamics of social and political practice By developing a pragmatic conception of moral responsibility this work illustrates both how moral philosophy can enhance our understanding of social and political practices and why reflection on these practices is necessary to the reconstruction of our moral concepts

Embark on a breathtaking journey through nature and adventure with is mesmerizing ebook, Natureis Adventure: **And Famine Affluence Morality Peter Singer** . This immersive experience, available for download in a PDF format (PDF Size: *), transports you to the heart of natural marvels and thrilling escapades. Download now and let the adventure begin!
