Loscalzo, 2000-03-14 Craig Loscalzo gives down to earth advice on how to communicate clearly and compellingly to a world that does not want to hear about morality sin evil judgment or commitment He gives straightforward explanations of the changes taking place all around us including brief sample sermons in each chapter

Cultural Contextualization of Apologetics Matt W. Lee, 2022-03-03 In the post Christian world we find sincere efforts in traditional Christian apologetics repeatedly running into invisible walls These blocks happen when cultural issues are neglected With mere rational arguments presented as a defense of Christianity logical answers alone are not attracting the nonbelievers nor resolving their skepticism People today have different obstacles in coming to the Christian faith particularly their own cultural presuppositions How do we present defend and commend Christianity to people whose culture gives them a frame of mind the one that cares very little about how rational the arguments are Cultural Contextualization of Apologetics explores the world of the New Testament and the ministry of the apostle Paul to excavate a fresh model for apologetics with cultural engagement to present an answer Matt W Lee analyzes the dynamics involved in Paul s cultural connection with his audience and how it relates to their receptivity uncovering a scheme of apologetics engagement patterned in his apologetics speeches From the background of Paul s world to the forefront of contemporary apologetics preaching Cultural Contextualization of Apologetics offers a vision of apologetics communication that is both biblical and practical

Apologetics and Rhetoric: John Cameron Eves PhD DRS, 2019-08-08 Dr Eves has given ministers and others who preach the Word an excellent book which can revitalize their preaching His book gives practical pointers on how to give sermons that are biblically exegetical presented with forceful logic and given in effective style This book will help both the preacher that has not had extensive education as well as the seminary grad who has been out for a few years and who may have quietly drifted into good patterns but which with a little prodding could climb to the next level of effectiveness Is your preaching in a rut or do you sound the same Sunday after Sunday Or perhaps you are already very effective for the Lord In any case this book may be just the tonic to give your preaching a new biblical fervor I recommend this book as a tune up for all ministers who love the Lord and who seek to be as effective as they can be touching the Bible and touching hearts through the Word and the power of the Holy Spirit Col Gary Cohen ThD LittD DD *Christian Apologetics as Cross-Cultural Dialogue* Benno van den Toren, 2011-10-27 A call for a new understanding of apologetics moving away from appeals to trans-cultural rationality arguing for a new form of cross cultural dialogue Fulfilled in Our Hearing Gueric DeBona, 2005 What can today s preacher learn from past practices What needs to be adapted so that the preacher can be an authentic prophetic voice for today Father Gueric DeBona mines the treasures of the Christian homiletic tradition and confronts the challenges of modern technology multiculturalism and feminism to open a discussion about how the preacher can effectively reach the assembly in today s postmodern media saturated culture Fulfilled in Our Hearing is certain to become the standard text in

homiletics courses for ordained and lay preachers alike **BOOK JACKET** That Which They Can't See David Van Brugge, 2025-01-20 In this retrieval study David Van Brugge addresses how the current understanding of a homiletical use of imagination for expository preaching might be strengthened The current need for strengthening becomes apparent when the various understandings of imagination and their implications for practical theology are realized This is compounded as trends in homiletics seem to minimize the imagination or embrace it in modern or postmodern ways The original contribution of this study is recognizing that the homiletical use of imagination can be strengthened by retrieving the Puritan baroque characteristics of Jonathan Edwards imagination as evidenced in his sermons to the Stockbridge Indians of 1751 1758 Edwards drew on a rich background to display an imagination that synthesized thoughts and ideas thought beyond the senses and that by the grace of God transformed thought and practice Through that creative thought Edwards maintained Biblical exposition and appeal to the affections Van Brugge further develops and evaluates the idea of Puritan baroque characteristics concluding that it is a helpful characterization of Edwards Stockbridge Indian sermons In these sermons Edwards imaginatively used imagery light space movement and glorification for the ultimate goal of directing the affections of his audience towards God Such a use of imagination for affective purpose becomes a key for the strengthening of a homiletical use of imagination today Pulpit Apologist Thomas J. Gentry II, 2020-01-14 Do preaching and apologetics go together If so why and how In a post everything age where doubt is enshrined as a hallmark of truth and any claims to truth are highly suspect how is a preacher to reach those with questions about the reliability of the Bible the goodness of God or the resurrection of Jesus These questions and more are answered here and a practical workable method is provided for preachers who seek to bring together the pulpit and apologetics for both evangelism and discipleship Preaching Words John S. McClure, 2007-01-02 John McClure s *Preaching Words* highlights the most important ideas in homiletics and preaching offering short explanations of these ideas what scholars of preaching are saying about them and how they can help in today s preaching Topics range from elements of the sermon introduction body and conclusion to aspects of delivery types of preaching in different Christian traditions and theories of preaching *The Younger Evangelicals* Robert E. Webber, 2002-10-01 Robert E Webber has led worship workshops in every major city in the United States and Canada Through his conversations and contacts with a network of emerging church leaders he calls the younger evangelicals Webber sees how this new generation and their style of leadership is bringing change and renewal to the evangelical church These leaders who include those young in spirit as well as young in age have important insights to offer all generations faced with doing church in a rapidly changing postmodern culture *The Younger Evangelicals* explores the characteristics of these emerging leaders and provides an outlet for their stories Beginning with a brief overview of twentieth century evangelicalism Webber examines what is different about the twenty first century younger evangelicals way of thinking about faith and practicing church He allows them Ph D s and laypeople to speak in their own words on issues such as communication

theology apologetics pastoral leadership evangelism worship and spiritual formation Thought provoking energizing and timely The Younger Evangelicals is a landmark book for pastors and church leaders culture watchers ministry students and worship leaders who want to prepare for and respond to the new evangelical awakening brought on by our changing cultural context *Preaching and the Other* Ronald J. Allen, 2008-11-01 Preaching and the Other introduces the reader to six major themes characteristic of the postmodern era that are important for preaching and explains their implications Themes discussed include perception as interpretation deconstruction otherness transgression pluralism and the importance of apologetics
