The Vasari's composed book consists of three parts, first: The dawn of ancient art history and the early Renaissance artists - Cimabue and Giotto. Secondly, in the 16th century, Savari explained the art character, such as, Masaccio, Piero Della Francesca and Mantegna. Third, the life context of art maestros in the Renaissance era, such as, Leonardo, Raphael and Michelangelo. Of the three phases that was mentioned by Vasari and then distinguished from some main points of intended stage. For the first, he appointed Tuscany as an introduction discussing the early artistic journey of ancient Greek-Romans. Second, he consolidated a artist's position from artist to a society. Then, the last, he put the work of artists in a context that he saw as a great art at that time. Here, Vasari pointed out the important purpose of his observations of the Artist and
