different from fine art or design In *A Theory of Craft* Howard Risatti examines these issues by comparing handmade ceramics glass metalwork weaving and furniture to painting sculpture photography and machine made design from Bauhaus to the Memphis Group He describes craft as uniquely blending function with a deeper expression of human values that transcend culture time and space Craft must articulate a role for itself in contemporary society says Risatti otherwise it will be absorbed by fine art or design and its singular approach to understanding the world will be lost *The 21st-century Singer* Susan Mohini Kane,2015 The vast majority of singers with a degree in performance are un or under employed in their field Despite the fact that talented singers are discovered every day there are far too few jobs in the field of classical music to accommodate all of them a problem evidenced by regular reports of opera companies and symphony orchestras closing their doors Young classical singers particularly recent graduates of music programs need not only artistic ability but also intelligence and an acute business sense to navigate the world of professional singing In *The 21st Century Singer Making the Leap from the University into the World* author Susan Mohini Kane has created a user friendly guide for these recent graduates Kane combines the benefits of an instructional manual with those of a self reflective workbook to provide emerging classical singers with both practical and inspirational advice She begins with a section on self evaluation allowing readers to define what motivates their desire to sing professionally and reflect on their passions before moving on to career advice In the sections that follow Kane presents a variety of career paths such as singing teaching and consulting realistic alternatives to the rise to stardom as an overnight sensation that so few will experience and provides the reader with the tools to develop a concrete plan for whichever path they decide to pursue Other sections offer instruction on how to develop support systems train oneself holistically and take advantage of the newest technological resources available for professional self promotion With its dual emphasis on artistic motivation and modern day business sense *The 21st Century Singer* will prove an essential text for anyone pursuing a professional singing career *The Successful Author Mindset* Joanna Penn,2018-08-11 Being a writer is not just about typing It s also about surviving the roller coaster of the creative journey Self doubt fear of failure the need for validation perfectionism writer s block comparisonitis overwhelm and much more When you re going through these things it can feel like you re alone But actually they are part of the creative process and every author goes through them too This book collects the mindset issues that writers experience that I have been through myself over the last ten years and that perhaps you will experience at different times on the creative journey Each small chapter tackles a possible issue and then offers an antidote so that you can dip in and out over time It includes excerpts from my own personal journals as well as quotes from well known writers I hope it helps you on the road to becoming a successful author The book includes Part 1 Mindset Aspects of Creativity and Writing Self doubt and imposter syndrome Need for validation Fear of failure Fear of rejection and criticism Your inner critic Fear of judgment Perfectionism Writer s block and procrastination I m not creative I don t have any ideas My writing isn t original Why write There are too many books in the world already I don t have the time
