Artistic Agency Tasos Zembylas, Martin Niederauer, 2017-07-31 This monograph carries out an in depth investigation into compositional processes shedding new light on the components and conditions that constitute artistic agency Artistic agency relies on the interlocking of such activities that emerge from various propositional and non propositional experiential corporeal sensory forms of knowledge listening feeling imagining trying out reflecting noting and correcting which represents a small selection of the multifaceted composing activities The book develops an understanding of artistic agency and mastery in its fundamentally social nature through the important though largely ignored output of creative compositional processes Using a mixture of case studies and theoretical frameworks this book will appeal to sociologists musicologists

creative studies scholars and artists particularly those who teach composition or research on this topic as well as students of MA and PhD level

Cultural Sustainability and Arts Education Benjamin Jörissen, Lisa Unterberg, Tanja Klepacki, 2023-01-01 This book is based on the topics questions and results of the international conference Aesthetics of Transformation Arts Education Research and the Challenge of Cultural Sustainability It aims to foster and sharpen the understanding of the potential role of arts education and arts education research for cultural sustainability In an ever more complex and interconnected world culture is a valuable resource for sustainable development Based on the thesis that the change towards sustainability has to be a change that starts with cultural practices of perception and knowledge this book makes an important contribution to the broad discourse on cultural sustainability which has begun to emerge in recent years In this context the volume first deals with Intangible Cultural Heritage and how aesthetic practices and certain forms of art are changing through cultural transformation processes Subsequently it focuses on issues such as arts and cultural education in times of neoliberalism post migration and post coloniality as well as on arts and cultural education under conditions of digital transformation These theoretical and empirical contributions are complemented by insights into field trips to institutions and exemplary places of practice showing different representations of educational art practices cultural heritage and cultural sustainability Against this background the book finally offers responses and commentaries that can form the starting point for a far reaching interactive dialogical process on the utmost importance of cultural aesthetic and arts education as part of a global endeavor for sustainable development

The SAGE Handbook of Cultural Sociology David Inglis, Anna-Mari Almila, 2016-05-09 Cultural sociology or the sociology of culture has grown from a minority interest in the 1970s to become one of the largest and most vibrant areas within sociology globally In The SAGE Handbook of Cultural Sociology a global range of experts explore the theory methodology and innovations that make up this ever expanding field The Handbook s 40 original chapters have been organised into five thematic sections Theoretical Paradigms Major Methodological Perspectives Domains of Inquiry Cultural Sociology in Contexts Cultural Sociology and Other Analytical Approaches Both comprehensive and current The SAGE Handbook of Cultural Sociology will be an essential reference tool for both advanced students and scholars across sociology cultural studies and media studies

The Cultural Sociology of Art and Music Lisa McCormick, 2022-12-16 This edited collection develops the Strong Program s contribution to the sociological study of the arts and places it in conversation with other cultural perspectives in the field Presenting some of the newest and most original research by both renowned figures and early career scholars the volume marks a new stage in the development of the cultural sociology of art and music The chapters in Part 1 set new agendas by reflecting on the field s history presenting theoretical innovations and suggesting future directions for research Part 2 explores aesthetic issues and challenges in the creation experience and interpretation of art and music Part 3 focuses on the material environments and social settings where people engage with art and music In Part 4 the contributors examine controversies about music and contestation over artistic matters whether in the public sphere in the American judicial system or in an emerging academic discipline The editor s introduction and Ron Eyerman s afterword place the chapters in context and reflect on their collective contribution to meaning centered sociology

Arts and Cultural Management Constance DeVereaux, 2018-09-03 Arts and Cultural Management Sense and Sensibilities in the State of the Field opens a conversation that is much needed for anyone identifying arts management or cultural management as primary areas of research teaching or practice In the evolution of any field arises the need for scrutiny reflection and critique as well as to display the advancements and diversity in approaches and thinking that contribute to a discipline s forward progression While no one volume could encompass all that a discipline is or should be a representational snapshot serves as a valuable benchmark This book is addressed to those who operate as researchers scholars and practitioners of arts and cultural management Driven by concerns about quality of life globalization development of economies education of youth the increasing mobility of cultural groups and many other significant issues of the twenty first century governments and individuals have increasingly turned to arts and culture as means of mitigating or resolving tough policy issues For their growth arts and culture sectors depend on people in positions of leadership and management who play a significant role in the creation production exhibition dissemination interpretation and evaluation of arts and culture experiences for publics and policies Less than a century old as a formal field of inquiry however arts and cultural management has been in flux since its inception What is arts and cultural management remains an open question A comprehensive literature on the discipline as an

object of study is still developing This State of the Discipline offers a benchmark for those interested in the evolution and development of arts and cultural management as a branch of knowledge alongside more established disciplines of research and scholarship *Creativity Policy, Partnerships and Practice in Education* Kim Snepvangers, Pat Thomson, Anne Harris, 2018-10-31 This book examines the gaps in creativity education across the education lifespan and the resulting implications for creative education and economic policy Building on cutting edge international research the editors and contributors explore innovations in interdisciplinary creativities including STEM agendas and definitions science and creativity and organisational creativity amongst other subjects Central to the volume is the idea that good creative educational practice and policy advancement needs to reimagine individual contribution and possibilities whilst resisting standardization it is inherently risky not risk averse Prioritising creative partnerships zones of contact practice encounters and creative ecologies signal new modes of participatory engagement Unfortunately while primary schools continue to construct environments conducive to this kind of slow education secondary schools and education policy persistently do not This book argues from diverse viewpoints and methodological perspectives that 21st century creativity education must find a way to advance in a more integrated and less siloed manner in order to respond to pedagogical innovation economic imperatives and creative possibilities and adequately prepare students for creative practice workplaces and publics This innovative volume will appeal to students and scholars of creative practice as well as policy makers and practitioners

Peopling Marketing, Organization, and Technology Dirk vom Lehn, 2024-01-31 *Peopling Marketing Organization and Technology* takes an interactionist attitude to study the organization of marketing interaction and the embedding of technology within that organization By analysing clear illustrative studies this book explicates the interactionist attitude and demonstrates that production placing promotion and pricing are achieved in and through marketing interaction The studies investigate marketing interaction on street markets decision making about the digitalization of supermarkets the design of exhibitions and social media to generate memorable experiences the interactive experiencing of exhibits and the development of guiding visions in the promotion of Virtual Reality The analyses reveal the practical and social organization of actions through which marketing and consumption are accomplished By using different interactionist research methods they show the contribution research using the interactionist attitude can make to marketing and consumer research as well as to interactionist sociology concerned with marketing interaction Aimed at academics researchers and students in the fields of marketing and consumer research as well as in social psychology and sociology this book will encourage scholars and students in marketing and consumer research to shift their focus from the symbolic to marketing interaction
