Artists Living with Art Stacey Goergen, Amanda Benchley, 2015-09-22 Artists living with art is full of fascinating and often surprising revelations about the artworks a select group of the world's most influential contemporary artists choose to collect and display in the intimacy of their own homes Just as Andy Warhol famously collected cookie jars so do these 25 artists all living in New York collect art and in some cases mundane objects they cherish as art The works they display reflect remarkably diverse eclectic and often unexpected tastes Many of these homes some of which also function as studios have never been seen and offer unique insight into each artists personal life creative process and artistic practices as well as what inspires them and who their friends are many swap art with one another Readers will learn about the pieces most treasured by each artist as well as their favourite period in art a surprising number have a preference for pre twentieth century art Authors Stacey Goergen and Amanda Benchley gained unprecedented access into each home for the photography and interviews and highly acclaimed photographer Oberto Gili was commissioned to shoot these homes especially for the book **Living with Art - from Creator to Collector No.1** Katrine Martensen-Larse, This book takes you on private visits to ten Danish contemporary artists where we are allowed behind the scenes insight into the creative process We see both ongoing and completed works the materials tools and thought processes used Through conversations with the artists we are party to their own stories as to why they became artists and how they arrived to where they are today What consumes them What drives them What inspires them 0After each artist portrait we are welcomed inside the individual homes of true art collectors Some are vibrant and colourful Others are monochrome and more subdued Some are very feminine while others exude masculinity The common denominator is that they are brimming with art and that everything has been thought through They also happen to have a work by the artist we have just visited We ask what art means to them and show how they align themselves with the pieces *Visions: Artists Living with Epilepsy* Steven C.
