EBOOK: Introduction to Mass Communication: Media Literacy and Culture BARAN, STANLEY, 2011-02-16 EBOOK Introduction to Mass Communication Media Literacy and Culture *Critical Essays on William Faulkner* Robert W. Hamblin, 2022-08-24 Critical Essays on William Faulkner compiles scholarship by noted Faulkner studies scholar Robert W Hamblin Ranging from 1980 to 2020 the twenty one essays present a variety of approaches to Faulkner's work While acknowledging Faulkner as the quintessential southern writer particularly in his treatment of race the essays examine his work in relation to American and even international contexts The volume includes discussions of Faulkner's techniques and the psychological underpinnings of both the origin and the form of his art explores how his writing is a means of saying no to death examines the intertextual linkages of his fiction with that of other writers like Shakespeare Twain Steinbeck Warren and Salinger treats Faulkner's use of myth and his fondness for the initiation motif and argues that Faulkner's film work in Hollywood is much better and of far greater value than most scholars have acknowledged Taken as a whole Hamblin's essays suggest that Faulkner's overarching themes relate to time and consequent change The history of Faulkner's Yoknapatawpha stretches from the arrival of the white settlers on the Mississippi frontier in the early 1800s to the beginnings of the civil rights movement in the 1940s Caught in this world of continual change that produces a great degree of uncertainty and ambivalence the Faulkner character and reader must weigh the traditions of the past with the demands of the present and the future As Faulkner acknowledges this process of discovery and growth is a difficult and sometimes

painful one yet as Hamblin attests to engage in that quest is to realize the very essence of what it means to be human

Step Aside Sarah M. Zerwin, 2024-12-09 All students can drive their own learning when we show them how Humanized equitable classrooms start with a commitment to building student agency Step Aside offers clear streamlined guidance for launching secondary students into high level work that hinges on their ideas and insights Sarah Zerwin writes from the complex and challenging space of daily life in a classroom She knows student driven learning does not mean students make all decisions about what happens in the classroom It occupies a more nuanced space where teachers carefully curate the classroom experience and teach students how to navigate it on their own Sarah has done the work to weave many resources into a Three Step Meaning Making Process that grows students thinking Each chapter offers effective flexible strategies to put into practice immediately Reading strategies that work for any text students need or want to read Writing strategies that work for any text students need or want to write Discussion strategies that students can use to talk things out with others no matter the subject Assessment strategies that show students how to set goals track their progress and learn anything they want to learn in their life in or out of school Especially when we notice our students are struggling Step Aside reminds us we need to hold ourselves accountable for keeping out of the way of the most important work Our students must read and write and think and discuss on their own to navigate the complexity of their lives *The Ulysses Delusion* Cecilia Konchar
