As Others See Us A Conversation On Cultural Differences:

As Others See Us Divya Jhingran, S. N. Balagangadhara, 2015-04-22 At this time all cultures are studied through the prism of western scholarship This results in a distortion that denies peoples from other cultures an access to their own experience An examination of some key ideas drawn from Indian and western culture highlights the nature of the problem and the conceptual constraints imposed by western scholarship These constraints are so deep and so pervasive within western culture that they set limits on western imagination itself and consequently on the imagination of folks from all other cultures Now to regain access to the varieties of cultural experience we must develop alternative theoretical frameworks Here is an example of one such attempt With this we can begin to get a taste of what the world including the West would look like if people from other cultures were to describe it in their terms *As Others See Us* Divya Jhingran, S.
