Atheism And The Case Against Christ:

Atheism And The Case Against Christ Matthew S. McCormick, 2012-09-25 Hundreds of millions of people believe that Jesus came back from the dead This cogent forcefully argued book presents a decidedly unpopular view namely that the central tenet of Christianity the resurrection of Jesus is false The author asks a number of probing questions Is the evidence about Jesus as it has been relayed to us over the centuries of sufficient quantity and quality to justify belief in the resurrection How can we accept the resurrection but reject magic at the Salem witch trials What light does contemporary research about human rationality from the fields of behavioral economics empirical psychology cognitive science and philosophy shed on the resurrection and religious belief Can we use contemporary research about the reliability of people's beliefs in the supernatural miracles and the paranormal to shed light on the origins of Christianity and other religions Does it make sense that the all powerful creator of the universe would employ miracles to achieve his ends Can a Christian believe by faith alone and yet reasonably deny the supernatural claims of other religions Do the arguments against Christianity support atheism By carefully answering each of these questions this book undermines Christianity and theism at their foundations it gives us a powerful model for better critical reasoning and it builds a compelling case for atheism Without stooping to condescension or arrogance the author offers persuasive arguments that are accessible thoughtful and new

Atheism George H. Smith, 2010-11-02 Does a god exist This question has undoubtedly been asked in one form or another since man has had the ability to communicate Thousands of volumes have been written on the subject of a god and the vast majority have answered the questions with a resounding Yes You are about to read a minority viewpoint With this intriguing introduction George H Smith sets out to demolish what he considers the most widespread and destructive of all the myths devised by man the concept of a supreme being With painstaking scholarship and rigorous arguments Mr Smith examines dissects and refutes the myriad proofs offered by theists the defenses of sophisticated professional theologians as well as the average religious layman He explores the historical and psychological havoc wrought by religion in general and concludes that religious belief cannot have any place in the life of modern rational man It is not my purpose to convert people to atheism but to demonstrate that the belief in God is irrational to the point of absurdity If a person wishes to continue believing in a god that is his prerogative but he can no longer excuse his belief in the name of reason and moral necessity

The Case for Christ Toby Baxendale, 2015-07-15 Toby Baxendale is a Christian writing here for those who like himself regard themselves as rational people when it comes to considering what they believe In Book 1 Against Atheism the Case for God the rational case for God was introduced If you accept its findings you may want to know more about God Book 2 Against Atheism the Case for Christ is a historical and scriptural look at Christianity an assessment of the evidence offered to the rational person for belief in Jesus Christ By looking at some of the controversial aspects of Christianity that are said by some to undermine its credibility the case for Jesus Christ is made robust in this book **The Case Against Christianity**

Michael Martin,1991 In this systematic philosophical critique of the major tenets of Christianity Michael Martin examines the semantic and epistemological bases of religious claims and beliefs Beginning with a comparison and evaluation of the Apostles Creed the Niceno Chalcedonian Creed and the Athanasian Creed Martin discusses the principal theological historical and eschatological assumptions of Christianity These include the historicity of Jesus the Incarnation the Second Coming the Virgin Birth the Resurrection Salvation through faith in Jesus and Jesus as a model of ethical behavior Until now an adequately convincing criticism of Christianity did not exist Martin s use of historical evidence textual analysis and interpretations by philosophers and theologians provides the strongest case made to date against the rational justification of Christian doctrines

The Case Against Moral Atheism Ken Wheeler,2014-09-26 What if you decided today that God did not exist Would that change your morality Would you still turn in an honest tax return Why If you are a single mother having a difficult time making ends meet would you steal from the cash drawer at work to buy food for your baby Why not If an adult decided to prey on young children why would that be morally different than a crocodile feasting on a baby monkey at the watering hole in the jungle Why has the law of the jungle changed just because the jungle is now Wall Street and the Internet If humanity evolved from primordial slime pools who gets to declare that the pedophile is a criminal and the croc is just functioning according to his evolved DNA Why should a person adopt moral values if he believes a Creator God does not exist Does the Chaos Theory provide an answer to that question or is it just an attempt by the Atheist to fill in the blank with anything but God while avoiding the obvious and logical challenges produced by the concept of a Godless morality The Case Against Moral Atheism challenges anyone who does not believe in a moral law giver above mankind to consider why they should live moral lives if this life is all there is

[The Debaters of This Age](#) Steven H Propp,2019-02-05 It is June 2018 as an unusual group of scholars professors lecturers and students gather in a California hotel They are all attendees of an Apologetics conference intended to join qualified representatives of Christian Deist and Atheist thought for a two week no holds barred debate and discussion of their respective positions that will ultimately be included in a book published after the conference Evangelical Christianity is represented by advocates of Evidentialist and Presuppositionalist approaches to Apologetics Catholicism liberal Christianity and Deism are also well supported The Atheist perspective is advocated by a polemical author and a college professor notorious for attacking the views of his Christian students As the participants argue over controversial issues such as cosmology evolution The Bible historical evidence for Jesus the resurrection biblical prophecies and the problem of evil intellectual fireworks result But what will result when such a volatile and eclectic group is placed face to face for more than two weeks The Debaters of this Age is the tale of what happens inside a California hotel in 2018 when a group of intellectuals gather to vigorously discuss the religious issues of our time

The Case Against the Case for Christ Robert M. Price,2010

The Resurrection Fact John J. Bombaro,Adam Francisco,2016-10-31 In the first century the resurrection fact faced both Jewish and Greek audiences with a challenge the challenge of a new reality Christ

the risen Lord Since facts are by definition something that happened and this happening was witnessed proclaimed and recorded the fact stands for all generations In answering critics a defense of the resurrection consists not only of a response by way of negation e g Christianity is not this but also through positive affirmations this is Christianity In this book the reader will find both However it is our hope that the final word retained would be the one that stands for something rather than against something Together our words stand for something positive not negative namely the good news that the one true God has now taken charge of the world in and through Jesus and His death and resurrection In Defence of Atheism Michel Onfray,2011-05-26 In the twenty first century religion is making a comeback bringing in its wake extremism of all kinds From Christian anti abortion campaigns to suicide bombers claiming the righteousness of Islam we are witnessing a resurgence of fundamentalism Michel Onfray s response to the threat of a post modern theocracy is to lay down the principles of an authentic atheism exposing the fiction that is God he proposes instead a new philosophy of reason that celebrates life and humanity In Defence of Atheism demonstrates that organised religion is motivated by worldly historical and political power that the three dominant monotheisms Christianity Islam and Judaism exhibit the same hatred of women reason the body the passions that religion denies life and glorifies death Onfray exposes some uncomfortable truths Judaism invented the extermination of a people Jesus never existed historically Christianity was enforced with extreme violence by Constantine Islam is anti Semitic misogynist warlike and incompatible with the values of a modern democracy **A Thematic**

Access-Oriented Bibliography of Jesus's Resurrection Michael J. Alter,2019-12-31 The keystone of Christianity is Jesus s physical bodily resurrection Present day scholars can be significantly challenged as they forage through voluminous documents on the resurrection of Jesus The literature measures well over seven thousand sources in English language books alone This makes finding specific sources that are most relevant for specific scholarly purposes an arduous task Even when a specific book is relevant finding the parts of the book that are most relevant to the resurrection rather than other topics often requires additional effort A Thematic Access Oriented Bibliography of Jesus s Resurrection addresses these challenges in several ways First the bibliography organizes more than seven thousand English sources into twelve main categories and then thirty four subcategories which are designed to help you find the most relevant literature quickly and efficiently Embedded are pro and con arguments which support efficient access through brief annotations and then annotate the diversity and complexity of the field of religion by including sources that represent a diverse range of views theistic e g Christian Jewish Muslim etc agnostic and nontheistic The objective of this bibliography is to provide convenient access to relevant sources from a variety of perspectives allowing you to browse or find the one source accurately and with ease
