Atheist Delusions The Christian Revolution And Its Fashionable Enemies

Alex McFarland

Atheist Delusions The Christian Revolution And Its Fashionable Enemies:

Atheist Delusions David Bentley Hart,2009-04-21 Religious scholar Hart argues that contemporary antireligious polemics are based not only upon conceptual confusions but upon facile simplifications of history and provides a powerful antidote to the New Atheists misrepresentations of the Christian past **Atheist Delusions** David Bentley Hart,2009 Religious scholar Hart argues that contemporary antireligious polemics are based not only upon conceptual confusions but upon facile simplifications of history and provides a powerful antidote to the New Atheists misrepresentations of the Christian past

Mind Your Faith David A. Horner,2011-09-12 For young Christians about to embark on the collegiate experience David Horner provides a guide to thinking as a Christian Carefully exploring how ideas work he gives students essential tools for thinking critically contextually and coherently unpacking worldviews and discerning truth **Atheism and the Christian Faith** William H. U. Anderson,2020-10-06 Atheism and the Christian Faith is an anthology of the proceedings from a conference of the same name which convened at Concordia University of Edmonton in May 2016 The book represents a wide diversity of subtopics primarily from a philosophical perspective including submissions from atheists agnostics and theists This combination of topics and perspectives makes the book totally unique There are arguments for and against theism The foreword to the book is by Professor Richard Swinburne Professor Emeritus of Philosophy at Oxford University who contributes two chapters to the book Why Believe That There is a God and Why God Allows Suffering The book includes a chapter from renowned astrophysicist and former student of Stephen Hawkins Professor Dr Don Page from the University of Alberta On the Optimal Argument for the Existence of God Atheism and the Christian Faith advances arguments around serious philosophical issues of direct relevance to contemporary society It will be of interest to a broad range of scholars in philosophy theology and epistemology *Take and Read* Paul G. Doerksen,2016-09-22 Take and Read is a collection of essays first presented as oral theological reflections on books written to stimulate conversations among diverse groups of readers which included farmers physicians teachers poets novelists scientists people involved in business finance relief work and many other walks of life ranging in age from twenty something to eighty These reflections introduce and offer samples of theological readings of a variety of books The result is a collection of essays addressing a wide range of topics from food security to violence from dementia to indigenous issues Perhaps this book is best described as an invitation to joining a conversation about books and more importantly about God *Christian Political Witness* George Kalantzis,Gregory W. Lee,2014-02-28 George Kalantzis and Gregory W Lee edit twelve essays that explore the topic of Christian political witness originally presented at the 2013 Wheaton Theology Conference Contributors include Stanley Hauerwas Mark Noll William Cavanaugh Peter Leithart and Scot McKnight After the New Atheist Debate Phil Ryan,2014-11-05 The first decade of the twenty first century saw a number of best selling books which not only challenged the existence of god but claimed that religious faith was dangerous and immoral The New Atheists as writers such as Richard Dawkins Christopher Hitchens Sam

Harris and Daniel Dennett have become known sparked a vicious debate over religion's place in modern society In After the New Atheist Debate Phil Ryan offers both an elegant summary of this controversy and a path out of the cul de sac that this argument has become Drawing on the social sciences philosophy and theology Ryan examines the claims of the New Atheists and of their various religious and secular opponents and finds both sides wanting Rather than the mutual demonization that marks the New Atheist debate Ryan argues that modern society needs respectful ethical dialogue in which citizens present their points of view and seek to understand the positions of others Lucidly written and clearly argued After the New Atheist Debate is a book that brings welcome clarity and a solid path to the often contentious conversation about religion in the public sphere

A More Charitable Atheism James A. Metzger, 2019-10-04 This anthology consists of fourteen topically arranged essays that explore a form of humanism characterized by epistemic humility a progressive ethical orientation as well as a respect for the positive features of religion According to recent polls more Americans find themselves uncomfortable maintaining traditional religious beliefs and moral commitments a trend driven in large part by the Millennials and one likely to continue with subsequent generations As a professor who has regular interactions with students of this generation the author has discovered that those who neither wish to affiliate with one particular religious tradition or community as perhaps their parents and grandparents did nor drop religion altogether fear that there are few if any truly attractive alternatives alternatives that would help them find meaning offer sound moral guidance and navigate life's most challenging times This book in part aims to show that both meaning and resources for crafting a philosophically sound moral compass can be found outside the sacred canopy These essays however are also the outcome of the author's own journey from mainline Protestant Christianity to secular humanism The primary catalyst for this transition was the onset of a serious autoimmune illness which forced him to confront various issues in philosophy of religion particularly the problem of suffering and evil This autobiographical component is woven into several chapters with the intention of showing that in a postmodern milieu we can no longer attribute major worldview shifts to solitary dispassionate rational inquiry Although essays have been composed in such a way that each may stand alone a feature of the book that allows readers to approach chapters in any order they choose they nevertheless have been arranged into four sections that reflect the author's personal journey Major topics include 1 Chronic Illness and the Death of God 2 Epistemic Limitations and Respect for Persons 3 A Humanist Approach to Reading the Bible and 4 Advantages of Ethical Reasoning without God

10 Answers for Atheists Alex McFarland, 2012-09-28 With notable nonbelievers such as Richard Dawkins Sam Harris and Christopher Hitchens featured prominently in the media it is no surprise that many Christians wonder how best to answer the growing number of atheist arguments they encounter every day 10 Answers for Atheists is a one of a kind resource from respected Christian apologist Alex McFarland that looks closely at the philosophical assumptions at the root of atheism and agnosticism and exposes the logical historical and conceptual fallacies that perpetuate unbelief Readers will find easy to understand charts and clear

explanations of key beliefs as well as trustworthy biblical answers to the honest questions posed by atheists and agnostics Every reader no matter where he or she falls on the spectrum of belief will hear a call to thoughtful engagement with the historic Christian faith Towards a Theology of Church Growth David Goodhew, 2016-03-03 Concern about church growth and decline is widespread and contentious yet theological reflection on church growth is scarce Reflecting on the Bible dogmatic theology and church history this book situates the numerical growth of the church within wider Christian theology Leading international scholars including Alister McGrath Benedicta Ward and C Kavin Rowe contribute a spectrum of voices from evangelical charismatic liberal and anglo catholic perspectives All contributors unite around the importance of seeking church growth provided this is situated within a nuanced theological framework This book offers a critique of decline theology which has been influential amongst theologians and churches and which assumes church growth is impossible and or unnecessary The contributors provide rich resources from scripture doctrine and tradition to underpin action to promote church growth and to stimulate further theological reflection on the subject The Archbishop of Canterbury provides the Foreword

Embark on a breathtaking journey through nature and adventure with is mesmerizing ebook, Natureis Adventure: **Atheist Delusions The Christian Revolution And Its Fashionable Enemies** .
