Manual for Survival Kate Brown, 2019-03-12 Winner of the Reginald Zelnik Book Prize in History Winner of the Marshall D Shulman Book Prize Finalist for the National Book Critics Circle Award in Nonfiction Finalist for the Ryszard Kapuscinski Award for Literary Reportage A magisterial blend of historical research investigative journalism and poetic reportage A n awe inspiring journey Economist After the Chernobyl nuclear disaster in 1986 international aid organizations sought to help the victims but were stymied by post Soviet political roadblocks Efforts to gain access to the site of catastrophic radiation damage were denied and the residents of Chernobyl were given no answers as their lives hung in the balance Drawing on a decade of archival research and on the ground interviews in Ukraine Russia and Belarus Kate Brown unveils the full breadth of the devastation and the whitewash that followed Her findings make clear the irreversible impact of man made radioactivity on every living thing and hauntingly they force us to confront the untold legacy of decades of weapons testing and other catastrophic nuclear incidents Wallaces Farmer ,1974 *Monthly Catalog of United States Government Publications* United States. presents alternative views concerning whether the laws of war should apply or whether transnational criminal law or some other peacetime framework is more appropriate or if there is a tipping point that enables the laws of war to be used Secondly it examines the key principles of jus in bello to determine how they might be applied to cyber conflicts in particular those of proportionality and necessity It also investigates the distinction between civilian and combatant in this context and studies the level of causation necessary to elicit a response looking at the notion of a proximate cause Finally it analyses the specific operational realities implicated by particular regulatory regimes This book is unmissable reading for anyone interested in the impact of cyber warfare on international law and the laws of war
