The Expertise Economy Kelly Palmer, David Blake, 2018-09-18 As seen in Fast Company Inc Entrepreneur Quartz at Work Big Think Chief Learning Officer Chief Executive Officer and featured in the Financial Times and Forbes Recommended Reading for Creative Leaders Nominated for a GetAbstract International Book Award at Frankfurt Book Fair as one of the top 10 business books of the year 2019 Selected as a best business book of 2019 by SoundView Keeping people's skills in sync with fast changing markets is the biggest challenge of our time The workplace is going through a large scale transition with digitization automation and acceleration Critical skills and expertise are imperative for companies and their employees to succeed in the future and the most forward thinking companies are being proactive in adapting to the shift in the workforce Kelly Palmer Silicon Valley thought leader from LinkedIn Degreed and Yahoo and David Blake co founder of Ed tech pioneer Degreed share their experiences and describe how some of the smartest companies in the world are making learning and expertise a major competitive advantage The authors provide the latest scientific research on how people really learn and concrete examples from companies in both Silicon Valley and worldwide who are driving the conversation about how to create experts and align learning innovation with business strategy It includes interviews with people from top companies like Google LinkedIn Airbnb Unilever NASA and MasterCard thought leaders in learning and education like Sal Khan and Todd Rose as well as Thinkers50 list makers Clayton Christensen Daniel Pink and Whitney Johnson The Expertise Economy dares you to let go of outdated and traditional ways of closing the skills gap and challenges CEOs and business leaders to embrace the urgency of re-skilling and upskilling the workforce

WORTHY Maree McPherson, 2021-09-24 You were raised to believe that humble is best Your hard work will get you

noticed one day You keep quiet about your achievements Your inner voice tells you to wait it s not your time And your confidence is crushed You re not alone Most of the women I work with have asked these questions at some point in their lives They worry about putting their own needs first They worry about being judged harshly by other people They worry about failing if they follow their dreams and whether they will ever have the courage to be visible In Worthy you will discover how to stop mauling your mojo straighten your self talk and create an intentional life You will learn how to circumvent everyday challenges women face when investing in their personal growth find the job you love or love the job you have maximise your precious time and funds by targeting the learning and development you desire most connect for capacity building so you can lean into leadership It s time to stop avoiding your ambition and put yourself first It s time to follow the steps outlined in this book and embrace the worthy woman you already are

The Simple Truths About Leadership Larry Peters,2019-01-10

In the middle of the last decade businesses have suffered serious harm due to the world wide economic slowdown great recession geopolitical tensions and conflicts and the very unpredictable nature of our government In the process of staying the course many business leaders have made a number of decisions and have taken a number of actions that have done harm to their relationships with their own employees The resultant psychological contract told employees that their leaders were in it for themselves for owners and stockholders for positive reports from Wall Street for their customer base for every stakeholder group other than the people who work there This book offers a road map for creating a more engaged committed workforce by adopting and maintaining a People Centric culture After describing why commitment and engagement are so important today the author speaks to how mindsets that reflect an older business reality need to change before any sustainable change in behavior and work culture can occur This book underscores the role that leaders need to play by embracing 10 Simple Truths that underlie long term sustainable business success Some argue that we may be approaching the next recession and it is in those down times that businesses will need their people most Now is the time for leaders to proactively start earning that support and turn their people into their partners rather than just their hired hands With a case study that describes a true People Centric leader and that demonstrates what it takes to lead a culture change this book is a call to action for leaders everywhere to a become a People Centric leader b earn the right to lead others toward this end and c align their company culture with the mindset and capabilities needed to produce and sustain long term business success If you are not getting the best from your people read this book with the goal of turning that around You will find it to be a good blueprint for leaders who attempt to create a more People Centric culture

Leading the Community College Darrel W. Staat,2022-03-16

Leading the Community College Pathways Through an Exponentially Digital Age explains the differences between the technologies of the twentieth and twenty first century It provides an understanding of the differences between the linear development of twentieth century technologies and the exponential development of twenty first century technologies and discusses how the business community is already preparing for the exponential stage of the twenty first

century technologies Furthermore this book describes the impact of the exponential stage of these technologies on community colleges in terms of students faculty learning methods staff and the training the colleges provide to the business community It predicts how businesses and community colleges may possibly merge in the future and demonstrates the importance of each institution developing its own research to help guide the colleges to a viable future This book provides a warning to those in community college leadership as to what is coming and provides guidance as to how to deal with the technologies when they move to the exponential stage

Disrupt Your Career: How to Navigate Uncharted Career Transitions and Thrive Antoine Tirard, Claire Harbour-Lyell, 2017-09-27 Professionals face many critical crossroads in their careers sometimes unpredictable sometimes more expected but for which they were often not truly prepared This book discusses many such career transitions from leaving a corporation to joining a non profit evolving from athlete to executive or returning to a former employer Using the stories of 50 leaders from all over the world the authors describe what provokes the change the challenges it creates how the individual is surviving the transition and what effective leaders do to navigate and grow from it Disrupt Your Career offers a simple easy to use framework to help make the most of any uncharted transition Drawing on examples of a wide range of companies it also provides recommendations to help organizations better acquire develop and retain talent

Adapt As An Architect Randy Deutsch, 2021-04-30 Adapt As An Architect A Mid Career Companion is the only book that helps design professionals to navigate the vast heart of the architect s journey It serves as a roadmap a career GPS that provides options for architects getting from where they are today to where they really want to be The focus of this optimistic engaging book is on continued relevance professional engagement perseverance and career longevity It argues that mid career is the lynchpin of the architect s career and provides the guidance and support that practices themselves are missing for emerging professionals who are often left to their own devices to find their way as they approach the middle of their career This book means architects don t need to navigate these years on their own

Elevating Learning & Development (paperback) Nick van Dam, 2018-09-04 The defining attributes of the 21st century economy and fourth industrial revolution are innovation technology globalization and a rapid pace of change Therefore an organization s capacity to enhance the capabilities of its workforce and create a culture of continuous learning are vital to remaining competitive These trends make an effective learning and development L D function more critical than ever This compendium of articles from L D professionals at McKinsey Company discusses every facet of professional development and training from ensuring that L D s efforts are closely aligned with business strategy to elements of advancing the L D function designing learning solutions deploying digital learning executing flawlessly measuring impact and ensuring good governance For L D professionals seeking to hone their organization s efforts Elevating Learning Development Insights and Practical Guidance from the Field is the ideal resource
