In September 2024, the University of Chicago Press released the 18th edition, the biggest overhaul in twenty years. This edition captures the evolving face of language and publishing, addressing current issues and using feedback from an eclectic constituency of practitioners. Are you overwhelmed by evolving grammar rules, confused by citation updates, or struggling to keep your writing inclusive and professionally polished? In today's rapidly changing world of publishing, language, and digital content creation, writers, editors, academics, and communicators are facing new challenges every day. From gender-neutral pronouns to artificial intelligence and digital-first publishing formats, traditional rules are shifting fast, and outdated style guides no longer meet modern demands.
