Contemporary Australian Corporate Law is a highly regarded introduction to corporate law in Australia that provides an authoritative contextual and critical analysis of the law governing Australian corporations and financial markets. It explores the rules, principles, doctrines, and policies that constitute corporate law in Australia within their legal, social, economic, and political contexts. Clearly and precisely written, this edition has been thoroughly updated and refined to reflect current Australian corporate law, including recent case law changes to the Corporations Act 2001 and the impact on the corporate sector of the Financial Services Royal Commission. Written by leading legal scholars, Contemporary Australian Corporate Law will assist students to develop a critically informed understanding of corporate law and the role of corporations in contemporary society.

AMERICAN INTERNATIONAL LAW CASES Fourth Series 2009 VOLUME 4, 2011-01-06. AILC is an annual case law reporter that provides the full text of U.S. court opinions involving international law issues. The courts covered include all U.S. federal district courts, federal appellate courts, and the U.S. Supreme Court, as well as some state courts, the U.S. Court of Claims, the U.S. Court of International Trade, and the U.S. Tax Court. The series seeks to provide not every single case in which a court refers to international law, but rather all cases that analyze at least one international law issue in depth. The list of subjects addressed by these volumes is vast and changes from year to year with the inclusion and prominence of most topics turning on their prevalence in a given year's jurisprudence. Some consistently prominent topics are personal jurisdiction over foreign defendants, deportation procedure, and double taxation. Over the last three editions (2006, 2007, and 2008), many topics have developed rapidly and constitute a correspondingly larger portion of the volumes, particularly Terrorism, the Foreign Sovereign Immunities Act, Forum Non Conveniens, and an entirely new added topic, the National Security Exception to deportation eligibility. The 2008 edition of AILC also features expanded sections on family law and on the detention of terrorist suspects. The U.S. war on terror and the crisis at Guantanamo have made that last topic a significant and dynamic component of AILC. Each edition of AILC also comes framed with two practical resources for students and scholars. The first is an introductory editor's note that both reviews international law's major developments for the given year and explains to readers how to use the volumes. The second is a subject index to allow for targeted research. Volume Four of AILC covers procedural issues, including those in foreign proceedings. The volume also covers the Foreign Sovereign Immunities Act. The appellate court in *El Paso Corporation v La Comision Ejecutiva Hidro Electrica del Rio Lempa* affirmed the district court's denial of the plaintiff's request for discovery for use in a private international arbitration proceeding. The arbitration was conducted pursuant to the parties' agreement.
