Tax Administration 2021 Comparative Information on OECD and other Advanced and Emerging Economies OECD,2021-09-15 This report is the ninth edition of the OECD s Tax Administration Series It provides internationally comparative data on aspects of tax systems and their administration in 59 advanced and emerging economies

Co-operative Compliance and the OECD's International Compliance Assurance Programme Ronald Hein,Ronald Russo,2020-06-10 Prominent among initiatives addressing the urgent need for a common understanding between multinational enterprises MNEs and national tax authorities about risks and risk assessment is the International Compliance Assurance Programme ICAP which provides a channel for MNEs to engage in simultaneous discussions with multiple national tax administrations thus enhancing the potential for advance tax assurance To a certain extent the ICAP represents the internationalization of Co operative Compliance frameworks which were until then restricted within the borders of single jurisdictions This book is the first to investigate Co operative Compliance alongside with the ICAP describing developments in twelve countries Australia Austria Canada Germany Italy Japan the Netherlands Norway Poland Spain the United Kingdom and the United States Following a general introduction two opening perspectives on the ICAP are presented one from the OECD and one from a participating tax administration the Netherlands leading to the twelve country reports and a special chapter on transfer pricing which is the main issue in international tax disputes Specific elements reviewed include the following criteria to enter the programme the range of taxes covered by the programme real time consultation procedures appeal procedures within the programme the possibility to agree to disagree and to continue Co operative Compliance even in cases of litigation risk management strategies within tax authorities corporate administrative compliance burden and main sources of tax uncertainty Country reports are contributed by tax professionals and tax academics experienced in dealing with Co operative Compliance and the ICAP Each report addresses the same questions so that all the reports cover the same features of domestic relationship approaches and the ICAP A final chapter reviews the collected contributions and offers some concluding remarks Although the ICAP process probably will undergo further adjustments it is certain that the road to more international cooperation between tax authorities and MNEs is now open This timely book as a comparative review of the implementation of the ICAP among leading jurisdictions active in global trade provides matchless insights into trends similarities differences and their implications It will be welcomed by all stakeholders in the international tax community including lawyers taxation authorities and academics

Learning in Public Policy Claire A. Dunlop,Claudio M. Radaelli,Philipp Trein,2018-04-28 This book explains the causal pathways the mechanisms and the

politics that define the quantity and quality of policy learning A rich collection of case studies structured around a strong conceptual architecture the volume comprises fresh original empirical evidence for a large number of countries sectors and multi level governance settings including the European Commission the European Union and individual countries across Europe Australia Canada and Brazil The theoretically diverse chapters address both the presence of learning and its pathologies deploying state of the art methods including process tracing diffusion models and fuzzy set techniques

Employment Relations Amie Shaw,Ruth McPhail,Susan Ressa ,2018-01-01 Overview This is the second edition of the well regarded local text *Employment Relations* This new edition takes an even more practical approach to a complex area considering both the industrial regulation and human resources dimensions of the employment relationship As well as providing a comprehensive guide to employment relations in Australia the text also offers a selective international comparative view on the management of the employment relationship The text explains and emphasises the real world connections between the important theories of industrial relations and human resources which are key components of the employment relations discipline The overarching aim is for students to gain a deeper understanding of the World of Work through the discipline of *Employment Relations* [Handbook of Research on Sub-National Governance and Development](#) Schoburgh, Eris,Ryan, Roberta,2016-11-30 Effective governance is a crucial aspect of all modern nations Through various collaborative efforts and processes nations can enhance their current governance systems The *Handbook of Research on Sub National Governance and Development* is a pivotal reference source for the latest scholarly material on the intersection between local and national politics analyzing how this relationship affects nations economy and administration Highlighting theoretical foundations and real world applications this book is ideally designed for professionals academics students and practitioners actively involved in the fields of public policy and governance [Attack of the 50 Foot Blockchain](#) David Gerard,2017-07-24 An experimental new Internet based form of money is created that anyone can generate at home people build frightening firetrap computers full of video cards putting out so much heat that one operator is hospitalised with heatstroke and brain damage A young physics student starts a revolutionary new marketplace immune to State coercion he ends up ordering hits on people because they might threaten his great experiment and is jailed for life without parole Fully automated contractual systems are proposed to make business and the law work better the contracts people actually write are unregulated penny stock offerings whose fine print literally states that you are buying nothing of any value The biggest crowdfunding in history attracts 150 million on the promise that it will embody the steadfast iron will of unstoppable code upon release it is immediately hacked and 50 million is stolen How did we get here David Gerard covers the origins and history of Bitcoin to the present day the other cryptocurrencies it spawned including Ethereum the ICO craze and the 2017 crypto bubble and the attempts to apply blockchains and smart contracts to business Plus a case study on blockchains in the music industry Bitcoin and blockchains are not a technology story but a psychology story Remember if it sounds too good to
