

AUTOBIOGRAPHICAL ESSAY

In this autobiography, I will talk about my life until this point in time. I am John Smith. I was born on February 8th, 1997, in the state of Miami. Being half German, my mother is from Germany, as my father is an American. In my childhood, I experienced both ways of life. I lived in Germany for a couple of years during my childhood. As my parents got job offers in Germany. Though, I spent most of my life in the US. And now, I am studying Literature at EssayPro university. Growing up, mostly in Miami, I lived in a typical house — in a middle-class family. My father works as a psychologist in a mental health institution as my mother works for a large high school as a mathematics teacher. I grew up with two other children — both a brother and a sister. Despite the age difference, my brother is older, and my sister is younger despite. We all got on very well while growing up.

I am now 22 years old. I have always enjoyed education, ever since being a young child. During my high school years, I was never a popular child. I used to spend most of my days in the school library. In which the school librarian allowed me to take as many books as I wanted. She was a cool librarian. Though, she only twisted the school's regulations for me. As she knew I love reading.

I was academically strong throughout my years in secondary education. I have never held back a grade, in which many of my classmates were. I have been studying hard from the age of 12 to this day. My specialty is English literature. I can also speak and read German fluently. Thus, I also enjoy some German writing. I don't study German literature. Reimbursing myself in German literature is merely my way of escaping the nature of reality for a short while. It's my way of relaxing - as other people enjoy watching X Factor and Netflix programs.

Nowadays, I am working my part-time job as a waiter in Thank God it's Fridays. I don't enjoy this job. Though, it enables me to get through my university studies more efficiently. My day usually consists of 3 hours serving at TGI Fridays, then 5 hours of lectures scattered throughout the afternoon. I enjoy learning something new every day.

My aim in the future to become an English literature teacher. My mother, being the primary influence for me becoming a teacher. I did consider becoming a mental health psychologist. Though, many stories put me off that idea.

In my experience, I have taught some elementary classes. The first took place in Miami Elementary School. It was class 4B, and they were eager to learn their required learning material. The behavior was wonderful.

The first thing I taught them was their times-tables. What I did was create a song for them — as I brought my guitar into my first day. I played the times-tables song on my guitar and sang it to them. After, I gave them a little quiz on their times- tables. In which many of them got around 50% scores.

second thing was peer work. I got them to work together in twos or threes. In which, their task was to come up with as many times table sums as possible. It didn't matter how complex or simple they were. I then asked them to swap their papers with their peer groups. They were then required to provide answers to these sums with explanations.

Most of them got their equations incorrect. So I taught them the natural way of answering any times-table sum. I explained to them that the way to do that is by taking away the second digit.
