DIANA COOPER

The background of the book cover is a spiritual landscape. It features a mountain range under a sky with warm, orange and pink hues. A bright, glowing light emanates from the peak of a central mountain. A wavy, white, ethereal path of light spirals down from the peak towards the water below. The water is a deep blue-green color.

Miller,2011-04-25 The concept of raising the spiritual light quotient is similar to the intelligence quotient used in modern psychology the IQ test However the spiritual light quotient is not the same as intelligence Rather the SLQ reflects one s ability to understand spiritual concepts to meditate and to connect with other dimensions It also is a measurement of one s ability to understand the relationship between Earth and the environment of the Earth and Earth s relationship to the galaxy Finally it is a measurement of one s ability to understand the existence of other dimensions as well as the relationship between the ascended masters and guides and our journey to higher realms for soul evolution Thus it appears necessary to look at the SLQ of a person the SLQ of an area and the SLQ of a planet All of the channeling I bring forth is based on the concept of the Sacred Triangle which is a new paradigm for spirituality This paradigm states that in order to heal Earth and bring everything into balance one must unite the concepts of galactic spirituality with ancient mystical thought and with the energies of native peoples including Native Americans *The Keys to the Universe* Diana Cooper,Kathy Crosswell,2010-12-01 As part of the preparation for 2012 when the universe will present vast changes for humanity this examination communicates the knowledge of wise ancients There are 48 keys and two cosmic keys that open up the various energies of the universe The information in this book will enable readers to expand their consciousness by using these keys to unlock the secrets of other realms such as the animal and natural kingdoms the elementals different archangels and other angelic beings cosmic masters and wisdom centers An exploration of spiritual laws this is a fascinating and important look at energies that manifest as sound resonances and what humanity can do to access them **New Light on the Life of Jesus** Charles Augustus Briggs,1904 *Physical Body Ascension to the New Earth* Robert E. Pettit,2010-06-01 There is a place you can go that is free from sickness crime and war That place is not here on this Earth Instead it is on the New Earth And you can choose to obtain a new body and go there

Drawing upon thirty three years of University research and fifteen years of Subtle Energy manipulations Dr Pettit discusses relationships between life sciences and spirituality By understanding the concept ask and you can receive he outlines the questions to ask and your responsibilities to create a new body for ascending to the New Earth around 2012 Ascension is available for those who choose to move out of duality consciousness with suffering and pain into a new reality of Unity Consciousness with unfathomed joy and peace Dr Pettit explains how you can achieve this incredible gift with the following concepts Making a choice to ascend with your physical body Knowing who you are and why you are on Earth Shifting your dimensional state of consciousness Avoiding fear accept change understand time space Releasing false beliefs sickness and pain Understand your Mer Ka Ba Energy Field Universal Laws related to your spirituality The End Times The Shift and Photon Belt
