Authenticating Tibet Answers To Chinas 100 Questions:

Authenticating Tibet Anne-Marie Blondeau, Katia Buffetrille, 2008-04-08 Since 1959 Tibet has been at the centre of controversy after China's peaceful liberation of the Land of Snows led to the Lhasa uprising and the Dalai Lama's escape to India. This work brings together responses to a booklet published by the Chinese government in 1989 which sought to counter criticism of their occupation of Tibet.

Authenticating Tibet Blondeau/Buffetrille, 2008 The land of Tibet, its people, culture and religion has long been both an object of contention and a source of fascination. Since 1959 Tibet has also been at the center of controversy when China's peaceful liberation of the land of snows led to the Lhasa uprising and the Dalai Lama's escape to India. *Authenticating Tibet: Answers to China's 100 Questions* offers clear and unbiased responses to a booklet published by the Chinese government in 1989 which sought to counter the criticism generated by the Dalai Lama and his followers and offer the PRC's truth about Tibet and Tibetans. In *Authenticating Tibet*, international Tibet scholars provide historically accurate answers to 100 Questions and deal evenhandedly with both China's truth about Tibet and that of the Dalai Lama and his followers. Designed for use by a general audience, the book is an accessible reference free of the polemics that commonly surround the Tibet question. Although these experts refute many of the points asserted by China, they do not offer blanket endorsements for the claims made by the pro-Tibet movement. Instead, they provide an accurate, historically based assessment of Tibet's past and its troubled present.

Frontier Tibet Stéphane Gros, 2025-10-01 *Frontier Tibet: Patterns of Change in the Sino-Tibetan Borderlands* addresses a historical sequence that sealed the future of the Sino-Tibetan borderlands. It considers how, starting in the late nineteenth century, imperial formations and emerging nation states developed competing schemes of integration and debated about where the border between China and Tibet should be. It also ponders the ways in which this border is internalised today, creating within the People's Republic of China a space that retains some characteristics of a historical frontier. The region of eastern Tibet called Kham, the focus of this volume, is a productive lens through which processes of place-making and frontier dynamics can be analysed. Using historical records and ethnography, the authors challenge purely externalist approaches to convey a sense of Kham's own centrality and the agency of the actors involved. They contribute to a history from below that is relevant to the history of China and Tibet and of comparative value for borderland studies.
