Simpson, 2010-01-01 **Wonderful Blood** Caroline Walker Bynum, 2007-11-05 The quiet market town of Wilsnack in northeastern Germany is unfamiliar to most English speakers and even to many modern Germans Yet in the fifteenth century it was a European pilgrimage site surpassed in importance only by Rome and Santiago de Compostela The goal of pilgrimage was three miraculous hosts supposedly discovered in the charred remains of the village church several days after it had been torched by a marauding knight in August 1383 Although the church had been burned and the spot soaked with rain the hosts were found intact and dry with a drop of Christ's blood at the center of each In *Wonderful Blood* Caroline Walker Bynum studies the saving power attributed to Christ's blood at north German cult sites such as Wilsnack the theological controversy such sites generated and the hundreds of devotional paintings poems and prayers dedicated to Christ's wounds scourging and bloody crucifixion She argues that Christ's blood as both object and symbol was central to late medieval art literature pious practice and theology As object of veneration blood provided a focus of intense debate about the nature of matter body and God and an occasion for Jewish persecution as motif blood became a prominent subject of northern art and a central symbol in the visions of mystics and the prayers of ordinary people **Prisoner of the Blood Insatiable** David

Dvorkin, 2000-09-01 *Blood Curse* Lynn Marie Simpson, 2012 1st book in the *Blood Curse* series Like her mother and grandmother before her Jade Caer is born a member of one of the most hated beings in the universe MOART Born to police the supernatural population they are the harbingers of death Able to shift to any form at will their only duty is to hunt and eliminate any threat caused by the otherworld species to protect them from human discovery Long resigned to living her life alone Jade finds herself yearning for a family While on the trail of a killer she finds herself irresistibly drawn to the devastatingly masculine Alpha of the Lycan pack Will she be able to resist the pull of his heat and fulfill her duty or will she betray herself and everything she knows for a chance at her own happiness *Blood Revolution* Connie Suttle, 2013-07-27 Just because you've never seen it doesn't mean it can't exist I pointed out You just haven't been in the right place or time

before Being in the right place and time with Sirenali sounds crazy and scary as hell Jayson breathed Why can t it be some of those short friendly guys There are short friendly guys but they don t have any desire to invade somebody else s planet I said thinking of the Amterean Dwarves The only thing they might want to invade was Earth s libraries and information systems Information was more valuable than precious metals on Amterea We re screwed Jayson muttered Opal stifled a snicker Earth has been invaded and those who have made a difference throughout time are targeted The enemy s goal Change things in their favor The General and his servants still have hopes of finding the Mighty and luring at least one of them into a trap Will Love Strength and Wisdom survive as they struggle to save those who are important to their cause Only time will tell

Anidjar,2014-04-29 Blood according to Gil Anidjar maps the singular history of Christianity As a category for historical analysis blood can be seen through its literal and metaphorical uses as determining sometimes even defining Western culture politics and social practices and their wide ranging incarnations in nationalism capitalism and law Engaging with a variety of sources Anidjar explores the presence and the absence the making and unmaking of blood in philosophy and medicine law and literature and economic and political thought from ancient Greece to medieval Spain from the Bible to Shakespeare and Melville The prevalence of blood in the social juridical and political organization of the modern West signals that we do not live in a secular age into which religion could return Flowing across multiple boundaries infusing them with violent precepts that we must address blood undoes the presumed oppositions between religion and politics economy and theology and kinship and race It demonstrates that what we think of as modern is in fact imbued with Christianity Christianity Blood fiercely argues must be reconsidered beyond the boundaries of religion alone **Hitler's Foreign Executioners**

Christopher Hale,2011-04-11 In *Hitler s Foreign Executioners* Heinrich Himmler s secret master plan for Europe is revealed an SS empire that would have no place for either the Nazi Party or Adolf Hitler His astonishingly ambitious plan depended on the recruitment of tens of thousands of Germanic peoples from every corner of Europe and even parts of Asia to build an SS Europa This revised and fully updated book researched in archives all over Europe and using first hand testimony exposes

Europe's dirty secret nearly half a million Europeans and more than a million Soviet citizens enlisted in the armed forces of the Third Reich to fight a deadly crusade against a mythic foe Jewish Bolshevism Even today some apologists claim that these foreign SS volunteers were merely soldiers like any other and fought a decent war against Stalin's Red Army Historian Christopher Hale demonstrates conclusively that these surprisingly common views are mistaken By taking part in Himmler's murderous master plan these foreign executioners hoped to prove that they were worthy of joining his future SS Europa But as the Reich collapsed in 1944 Himmler's monstrous scheme led to bitter confrontations with Hitler and to the downfall of the man once known as loyal Heinrich
