Blue Medium Collection Poems Collecting:

Blue Medium Kali Brokaw, 2015-12-15 A random collection of introspective and slightly sassy poems written over the course of eleven years The Collected Works: 200+ Novels, Plays, Poems, Essays & Autobiography Johann Wolfgang von Goethe, 2023-12-09 In The Collected Works 200 Novels Plays Poems Essays Autobiography Johann Wolfgang von Goethe presents an unparalleled tapestry of German literature that showcases his multifaceted genius His oeuvre embodies the convergence of Enlightenment ideals with Romantic sensibilities characterized by a profound exploration of individualism and nature The collection includes seminal works such as Faust which delves into the human condition through a Faustian bargain and his lesser known poetic and autobiographical writings that reveal his philosophical contemplations on life love and art Goethe's lyrical prowess and narrative innovation make this collection an essential study of literary evolution and cultural commentary in Western literature As a pivotal figure of the Sturm und Drang movement and later a key player in the Weimar Classicism literary era Goethe's life experiences greatly informed his writing Born in 1749 in Frankfurt he was a polymath whose pursuits spanned art science and politics His engagement with the contemporary intellectual currents of his time undoubtedly shaped his thematic choices encouraging readers to confront existential dilemmas and embrace the complexities of human experience This comprehensive collection is highly recommended for both scholars and general readers alike as it invites a deep engagement with Goethe's literary artistry and philosophical inquiries Readers will find themselves captivated by the rich emotional depth and intellectual rigor present in these works gaining invaluable insights into the fabric of human existence through Goethe's nuanced lens **The Collected Longer Poems** Kenneth Rexroth, 1968 This is a companion volume to the Collected Shorter Poems of Kenneth Rexroth which was published in 1967 All of the long poems written over the past forty years are included The Homestead Called Damascus 1920 25 A Prolegomenon to a Theodicy 1925 27 The Phoenix and the Tortoise 1940 44 The Dragon and the Unicorn 1944 50 and The Heart's Garden The Garden's Heart 1967 68 As we read the long poems together and in sequence we can see that Rexroth is a philosophical poet of consequence who offers us a comprehensive system of values based on the realization of the ethical mysticism of universal responsibility He is concerned above all with process the movement from the Dual to the Other I have tried Rexroth writes to embody in verse the belief that the only valid conservation of value lies in the assumption of unlimited liability the supernatural identification of the self with the tragic unity of creative process I hope I have made it clear that the self does not do this by an act of will by sheer assertion He who would save his life must lose it **Collected Poems** John Montague, 1914 The Collected Poems of Thomas Merton Thomas Merton, 1977 With the publication of this book an ever wider audience may more fully appreciate the range of the poet's technique the scope of his concerns and the humaneness of his vision Back cover **Collected Poems** Ellen Bryant Voigt, 2023-02-21 Careful attentive sometimes consoling heartbreaking or plangent where no consolation can be found Stephanie Burt New York Times Book Review A monumental

celebration of one of the most significant poets writing today David Baker Los Angeles Review of Books In eight extraordinary volumes spanning five decades Ellen Bryant Voigt has created a body of work distinguished by its formal precision rigorous intelligence and meticulous observation of nature history and domestic life From the subtly evocative images of *Claiming Kin* 1976 to the mosaic of sonnets and voices conjuring a prescient narrative of the 1918 influenza pandemic in *Kyrie* 1995 to fierce encounters with mortality in the National Book Award finalist *Shadow of Heaven* 2002 and the propulsive inventions of *Headwaters* 2013 the evolution of Voigt's astonishing creative and technical mastery is on full display This definitive collection showcases the brilliant career of a quintessential American elegist Katy Didden Kenyon Review From Apple Tree O my soul it is not a small thing to have made from three this one this one life

The Collected Poems of J.R.R. Tolkien Box Set J. R. R. Tolkien, 2024-09-17 The first ever publication of the collected poems of J.R.R. Tolkien spanning almost seven decades of the author's life and presented in an elegant three volume hardcover boxed set J.R.R. Tolkien aspired to be a poet in the first instance and poetry was part of his creative life no less than his prose his languages and his art Although Tolkien's readers are aware that he wrote poetry if only from verses in *The Hobbit* and *The Lord of the Rings* its extent is not well known and its qualities are underappreciated Within his larger works of fiction poems help to establish character and place as well as further the story as individual works they delight with words and rhyme They express his love of nature and the seasons of landscape and music and of words They convey his humor and his sense of wonder The earliest work in this collection written for his beloved is dated to 1910 when Tolkien was eighteen More poems would follow during his years at Oxford some of them very elaborate and eccentric Those he composed during the First World War in which he served in France tend to be concerned not with trenches and battle but with life loss faith and friendship his longing for England and the wife he left behind Beginning in 1914 elements of his legendarium *The Silmarillion* began to appear and the Matter of Middle-earth would inspire much of Tolkien's verse for the rest of his life The *Collected Poems of J.R.R. Tolkien* presents almost 200 works across three volumes including more than 60 that have never before been seen The poems are deftly woven together with commentary and notes by world renowned Tolkien scholars Christina Scull Wayne G Hammond placing them in the context of Tolkien's life and literary accomplishments and creating a

poetical biography that is a unique and revealing celebration of J R R Tolkien **The Collected Letters of Henry Northrup Castle** Henry Northrup Castle, 2012-12-27 George Herbert Mead one of America's most important and influential philosophers a founder of pragmatism social psychology and symbolic interactionism was also a keen observer of American culture and early modernism In the period from the 1870s to 1895 Henry Northrup Castle maintained a correspondence with family members and with Mead his best friend at Oberlin College and brother in law that reveals many of the intellectual economic and cultural forces that shaped American thought in that complex era Close friends of John Dewey Jane Addams and other leading Chicago Progressives the author of these often intimate letters comments frankly on pivotal events affecting higher education developments at Oberlin College Hawaii where the Castles lived progressivism and the general angst that many young intellectuals were experiencing in early modern America The letters drawn from the Mead Castle collection at the University of Chicago were collected and edited by Mead after the tragic death of Henry Castle in a shipping accident in the North Sea Working with his wife Helen Castle one of Henry's sisters he privately published fifty copies of the letters to record an important relationship and as an intellectual history of two progressive thinkers at the end of the nineteenth century American historians such as Robert Crunden and Gary Cook have noted the importance of the letters to historians of the late nineteenth century The letters are made available here using the basic Mead text of 1902 Additional insights into the connection between Mead John Dewey Henry and Harriet Castle and Hawaii's progressive kindergarten system are provided by the foundation's executive director Alfred L Castle Marvin Krislov president of Oberlin College has added additional comments on the importance of the letters to understanding the intellectual relationship that flourished at Oberlin College Published with the support of the Samuel N and Mary Castle Foundation *Collected Poems, 1955-2000* Eldon Grier, 2001 *Collected Poems* provides a portrait in lyrical sketches of the cultural life of the last half of the Twentieth Century Avoidance of literary fashion may have left Grier less recognizable than many of his contemporaries but he has nevertheless contributed greatly to the emergence of Canadian literature as this collection attests
