Blue Bottle Coffee Book:

The Blue Bottle Craft of Coffee James Freeman, Caitlin Freeman, Tara Duggan, 2012-10-09 One of the country's most celebrated roasters explains how to choose, brew, and enjoy the new breed of artisan coffees at home along with 40 inventive recipes that incorporate coffee or taste good with a cup. Blue Bottle Coffee Company has quickly become one of America's most celebrated roasters. Famous for its complex and flavorful coffees, Blue Bottle delights its devoted patrons with exquisite pour-overs, delicious espressos, and specialized brewing methods. Yet as coffee production becomes more sophisticated with specialized extraction techniques and Japanese coffee gadgets, the new artisan coffees can seem out of reach. *The Blue Bottle Craft of Coffee* explains this new world from farm to cup, exploring the bounty of beans available and the intricate steps that go into sourcing raw coffee from around the globe. Blue Bottle founder James Freeman coaches you through brewing the perfect cup of coffee using methods as diverse as French press, nel drip, siphon, and more to produce the best flavor. For coffee lovers who want to roll up their sleeves and go deeper, Freeman explains step by step how to roast beans at home using standard kitchen tools, just like he did when starting out. *The Blue Bottle Craft of Coffee* also introduces a home technique for cupping, the industry method of tasting coffees for quality control, so you can hone your taste and share your meticulously roasted coffee with friends. Rounding out the book are more than thirty inventive recipes from Blue Bottle pastry chef and former Miette bakery owner Caitlin Freeman that incorporate coffee or just taste particularly good with coffee, such as Saffron Vanilla Snickerdoodles, Stout Coffee Cake with Pecan Caraway, Streusel Affogato with Smoky Almond Ice Cream, Coffee Panna Cotta, and more. With more than one hundred stunning photographs showing coffee's journey from just harvested cherry to perfect drink, this distinctive and deep guide to the new breed of amazing coffees from one of the top artisan coffee makers will change the way you think about and drink coffee.

B. Eunsung Park, Narae Kim, Jaewoo Seo, 2019

A global byword for specialty coffee, Blue Bottle Coffee was established by the clarinet player turned coffee guru James Freeman in 2002. Freeman established firm footing for the brand's distinct coffee culture based on his experience selling drip coffee from a cart at farmers markets. His secret is to focus entirely on the delicate nuances of coffee beans and hospitality-based individualized service. Somewhat of a unicorn in the coffee world, Blue Bottle Coffee has attracted significant investments from Silicon Valley and has steadily expanded across the US with far-flung locations in Tokyo and Seoul.

A Designer is a

Scientist who creates an Emotional Connection between a Brand and its Audiences Yasushi Kusume, 2016-10 Design is an essential element of business It maximises the work of internal and external experts It brings focus to foresight ideas to innovation and expression to marketing In short it helps companies grow and prosper Yet many businesses ignore the potential of design They fail to make full use of the competences and skills designers have to offer One reason for this is that there is no established academic science of design This book takes steps to fill that gap by offering its own design science a science called Designology Designology should embrace a wide range of disciplines from neuroscience psychology and sociology to anthropology ethnology and behavioural science This book however decides to focus on just two of these

disciplines neuroscience and psychology to demonstrate that design is a science rather than an art and that designers equipped with the knowledge they offer can provide a credible expert and above all effective contribution to any business
Designology the science of connecting a brand to its audience
