Vickers, 2021-04-21 Private Investigations Book One and Two By Darryl C Vickers Book One Private Investigations revolves around the world of Sam Aquino an old fashioned Filipino private detective who relies on his wits people skills and if necessary a few tricks up his sleeve to solve some mysterious cases within his local Westlake community But Sam isn't alone he's got a diverse community of friends and family to help him because that's what people do Westlake is a community loosely based on my experiences growing up in my diverse neighborhood in San Diego Ca during the 60's and 70's Things were much different back then People knew each other and families weren't limited to blood relatives There was a sense of community and good will towards everyone no matter what their gender race skin color or ability In Book One what starts out as Sam's frustration with a high tech surveillance firm operating nearby and a case involving the missing daughter of a client who's a close long time friend of Sam's asst ends up intersecting forcing Sam to use his street smarts and personality skills to gain information to solve a human trafficking case And that case directly involves members of his extended blended family which includes his personal assistant Donna Sam's daughter in law Christine as well as his college aged granddaughter Megan and her close friends who have detective skills of their own Mystery intrigue suspense and coincidences are all intertwined throughout this fast paced adventure featuring multi generational and multi ethnic characters who sometimes speak different languages including many of the female characters who display smart and strong personalities Book Two Private Investigations is not only a story about Private Investigator Sam Aquino an old fashioned Filipino private detective who goes about investigating his cases within his local Westlake community but a story about promoting goodwill and diversity that mirrors the world we now live in which consists of many people of diverse cultures races economic backgrounds and abilities Readers will find the world of Private Investigations very different It concentrates on those human connections You'll find the characters in Private Investigations aren't too far from reality and not too much the reader can't relate to Private Investigations celebrates all our differences yet shows how including all of these different traits makes us a very powerful community All the main characters from Book One are back in Book Two including Sam's granddaughter Megan her three friends Jennifer Samantha and Nicole Christine Megan's mother Sam's assistant Donna Jones Detectives Harrington and Chambers among others Only this outing we dig deeper into their personal lives and some of the issues they're dealing with on a daily basis while also introducing new and potential family members Readers will be

Cisneros,Lora Engdahl,2010-10-01 For decades the federal government s failure to provide decent and affordable housing to very low income families has given rise to severely distressed urban neighborhoods that defeat the best hopes of both residents and local officials Now however there is cause for optimism From Despair to Hope documents the evolution of HOPE VI a federal program that promotes mixed income housing integrated with services and amenities to replace the economically and socially isolated public housing complexes of the past As one of the most ambitious urban development initiatives in the last half century HOPE VI has transformed the landscape in Atlanta Baltimore Louisville Seattle and other cities providing vivid examples of a true federal urban partnership and offering lessons for policy innovators In From Despair to Hope Henry Cisneros and Lora Engdahl collaborate with public and private sector leaders who were on the scene in the early 1990s when the intolerable conditions in the nation s worst public housing projects and their devastating impact on inhabitants neighborhoods and cities called for

drastic action These eyewitnesses from the policymaking housing development and architecture fields reveal how a program conceived to address one specific problem revolutionized the entire public housing system and solidified a set of principles that guide urban policy today This vibrant full color exploration of HOPE VI details the fate of residents neighborhoods cities and public housing systems through personal testimony interviews case studies data analyses research summaries photographs and more Contributors examine what HOPE VI has accomplished as it brings disadvantaged families into more economically mixed communities They also turn a critical eye on where the program falls short of its ideals This important book continues the national conversation on poverty race and opportunity as the country moves ahead under a new president Contributors Richard D Baron McCormack Baron Salazar Peter Calthorpe Calthorpe Associates Sheila Crowley National Low Income Housing Coalition Mary K Cunningham Urban Institute Richard C Gentry San Diego Housing Commission Ren e Lewis Glover Atlanta Housing Authority Bruce Katz Brookings Institution G Thomas Kingsley Urban Institute Alexander Polikoff Business and Professional People for the Public Interest Susan J Popkin Urban Institute Margery Austin Turner Urban Institute and Ronald D Utt Heritage Foundation Poverty Race
