reveals the secrets of peak performance in any endeavor *Optimum Drive* is the complete step by step guide to maximizing human performance As a professional racing driver and a driving coach for over twenty years Paul F Gerrard gives you his unique perspective on what causes people to stagnate with the idea of being merely good when each of us has the potential to be great Gerrard believes that peak performance is within our grasp Gerrard helps you understand the mental toughness that it takes to reach that greatness He starts off by taking you onto the track as he explores what driving at 200 mph can teach us about who we are Using his experiences from behind the wheel at death defying speeds Gerrard breaks down the psychology of driving what it takes and how we can use it to achieve greatness in life The key he says is the nirvana like sensation of flow psychology or being in the zone a mental state in which one who is performing an activity is fully immersed in a feeling of energized focus full involvement and joy It is through flow psychology that Gerrard introduces a blend of
