Benedict Carton:

Rethinking Mission in the Postcolony Marion Grau, 2011-06-30 Offers a progressive Christian approach to soteriology and missiology in a global postcolonial context This book proposes an integration of gospel and culture It aims to steer a third course towards an integration of the knowledge and treasures the losses and laments of Christianities forged in colonizing and colonized societies

The Creation of the Zulu Kingdom, 1815-1828 Elizabeth A. Eldredge, 2014-10-30 This scholarly account traces the emergence of the Zulu Kingdom in South Africa in the early nineteenth century under the rule of the ambitious and iconic King Shaka In contrast to recent literary analyses of myths of Shaka this book uses the richness of Zulu oral traditions and a comprehensive body of written sources to provide a compelling narrative and analysis of the events and people of the era of Shaka's rule The oral traditions portray Shaka as rewarding courage and loyalty and punishing failure as ordering the targeted killing of his own subjects both warriors and civilians to ensure compliance to his rule and as arrogant and shrewd but kind to the poor and the mentally disabled The rich and diverse oral traditions transmitted from generation to generation reveal the important roles and fates of men and women royal and subject from the perspectives of those who experienced Shaka's rule and the dramatic emergence of the Zulu Kingdom

Making African Christianity Robert J. Houle, 2011-09-16 In Making African Christianity author Robert J Houle argues that Africans successfully naturalized Christianity This book examines the long history of the faith among colonial Zulu Christians known as amakholwa in what would become South Africa As it has become clear that Africans are not discarding Christianity a number of scholars have taken up the challenge of understanding why this is the case and how we got to this point Where others have focused on the economic and political potential of conversion this book argues that we need to understand what was embedded within the faith that Africans found so appealing Houle argues that translation did not end with the bible but extended to Christian theology which needed to be fully appropriated before the faith was secure on the continent For Zulu the religion was not a good fit until converts filled critical gaps in the faith such as how Christianity could account for the active and everyday presence of the ancestral spirits a problem that was true for African converts across the continent in slightly different ways This book offers fresh insight into the history behind the contemporary success of Christianity on the continent and will be welcomed by African historians those interested in the history of colonialism missions southern African and in particular Christianity

Wild Religion David Chidester, 2012-04-23 Wild Religion is a wild ride through recent South African history from the advent of democracy in 1994 to the euphoria of the football World Cup in 2010 In the context of South Africa's political journey and religious diversity David Chidester explores African indigenous religious heritage with a difference As the spiritual dimension of an African Renaissance indigenous religion has been recovered in South Africa as a national resource Wild Religion analyzes indigenous rituals of purification on Robben Island rituals of healing and reconciliation at the new national shrine Freedom Park and rituals of animal sacrifice at the World Cup Not always in the national interest

indigenous religion also appears in the wild religious creativity of prison gangs the global spirituality of neo shamans the ceremonial display of Zulu virgins the ancient Egyptian theosophy in South Africa s Parliament and the new traditionalism of South Africa s President Jacob Zuma Arguing that the sacred is produced through the religious work of intensive interpretation formal ritualization and intense contestation Chidester develops innovative insights for understanding the meaning and power of religion in a changing society For anyone interested in religion Wild Religion uncovers surprising dynamics of sacred space violence fundamentalism heritage media sex sovereignty and the political economy of the sacred

Missionary Masculinity, 1870-1930 Kristin Fjelde Tjelle, 2014-01-21 What kind of men were missionaries What kind of masculinity did they represent in ideology as well as in practice Presupposing masculinity to be a cluster of cultural ideas and social practices that change over time and space and not a stable entity with a natural inherent meaning Kristin Fjelde Tjelle seeks to answer such questions

Between Worlds Les Switzer, 2025-08-21 Between Worlds expands beyond the focus of the previous volume the British colony of Natal to the more challenging framework of the American Zulu Mission and its Congregational churches in southeastern Africa between the 1880s and 1920s This study rejects arguments by many critical scholars who see Western missionaries at best as adjuncts of the colonial project imposing an understanding of Western Christianity that inevitably clashes with alien and resistant African cultures The mission church relationship in this era also changes dramatically especially in urban environments The church in South Africa becomes the dominant partner from the 1880s and by 1900 the mission has become an adjunct of the church an understanding with far reaching consequences elsewhere in the subcontinent

A Prophet of the People Lauren V. Jarvis, 2024-03-01 In 1910 Isaiah Shembe was struggling He had left his family and quit his job as a sanitation worker to become a Baptist evangelist but he ended his first mission without much to show Little did he know that he would soon establish the Nazareth Church as he began to attract attention from people left behind by industrial capitalism in South Africa By his death in 1935 Shembe was an internationally known prophet and healer described by his peers as better off than all the Black people In A Prophet of the People Isaiah Shembe and the Making of a South African Church historian Lauren V Jarvis provides a fascinating and intimate portrait of one of South Africa s most famous religious figures and in turn the making of modern South Africa Following Shembe from his birth in the 1860s across many environments and contexts Jarvis illuminates the tight links between the spread of Christianity strategies of evasion and the capacious forms of community that continue to shape South Africa today

Sports in Postcolonial Worlds Nicolas Bancel, Thomas Riot, Stanislas Frenkiel, 2018-02-02 This

book explores several cultural and historical paths intertwined in the genesis and development of sport and physical activities within colonial and postcolonial contexts As far as youth organizations and Western based sports are concerned the Independencies political split needs to be reconsidered from a cultural perspective with practices overlapping spatial chronological and epistemological borders When looking at the variety of practices the colonial legacies and the ensuing migration journeys through a global perspective there is a need to understand the diverse ways of composing and building the postcolonial sport worlds Multiculturalism South Africa France Algeria transnational journeys Pacific Islands rebuilding of national identities through sporting institutions Ireland West Africa racialization of the society Rwanda South Africa gender control from the West East to the North South gap sportization of traditional old games Americas and so on Following the various studies shaping this book the ambivalence of sporting and physical activities paths comes up It is apparent these trajectories have generated a mixed feeling of adhesion and repulsion towards Western hegemonies in postcolonial societies

Anglo-Zulu War, 1879 Harold E. Raugh Jr., 2011-06-01 The Anglo Zulu War was one of many colonial campaigns in which the British Army served as the instrument of British imperialism The conflict fought against a native adversary the British initially underestimated is remarkable for battles that included perhaps the most humiliating defeat in British military history the Battle of Isandlwana January 22 1879 and one of its most heroic feats of martial arms the defense of Rorke's Drift January 22 23 1879 While lasting only six months it is one of the most examined studied and debated conflicts in Victorian military history Anglo Zulu War 1879 A Selected Bibliography is a research guide and tool for identifying obscure publications and source materials in order to encourage continued original and thought provoking contributions to this popular field of historical study From the student or neophyte to the study of the Anglo Zulu War its battles and its opponents to the more experienced historian or scholar this selected bibliography is a must for anyone interested in the 1879 Anglo Zulu War
