SIP Scooter Catalogue ENGLISH , **Performance & Style Scootermatic, english** , *SIP Scooter Katalog* , *El Libro Del Scooter* ,2006 **Performance & Style Scootermatic, deutsch** , **Tiempo de hoy** ,1998 *The Evolution of the Custom Scooter* Stuart Owen,2020-07 Lambretta and Vespa scooters dominated the British two wheeled market back in the 1950s Originally seen as a vehicle primarily for transport the scooter quickly grew into something very different Perceptions underwent a radical shift and machines once disregarded as a functional and mundane became a way of life for their owners Subcultures such as the Mods and scooter boys grew up around the scooter a focal point for fashions that have continued to develop Soon each owner was customizing their scooter according to their own tastes and desires as far as their budget would allow The age of the scooter as a status symbol had arrived From the early days with chrome mirrors and lights in the 1960s to the extravagantly painted murals of the 1980s owners were using their scooters as canvases upon which to express themselves Rivalries sprang up and as competition between owners grew so too did the outrageousness of their creations Today the custom scooter scene thrives and is as strong as it ever has been with fresh creations showcasing the talents and imaginations of their owners like never before More and more people are reminiscing about the iconic scooters of yesteryear and the movement shows no signs of waning This book goes right back to the beginning to look at how it all started the different styles each decade produced and the most famous machines ever built **Vespa and Lambretta Motor Scooters** Stuart Owen,2019-02-21 Vespa and Lambretta remain the two most iconic motor scooter brands even four decades after the latter's demise But what made them such a European sensation in the postwar era And why were they particularly popular in Britain in the 1950s and 60s Motor scooter expert Stuart Owen explains the rise of Innocenti's Lambretta and Piaggio's Vespa from the wartime ruins of Italy through years of plenty as the two manufacturers exploited a ready market for affordable economic transport and then their decline into more uncertain times as motor cars trespassed on their success He also explores the rich history of accessorising and customising the scooters their essential role in the mod movement and the revival in Vespa's fortunes following the release of the cult film *Quadrophenia* *Custom Scooter*. Nina Bauer,Elmar Schalk,1998 **Vespa Scooters - Classic 2-stroke models 1960-2008** Mark Paxton,2016-05-15 The two stroke Vespa is rightly regarded as an iconic scooter Its initial purpose was to provide low cost transportation to the masses in the 1950s but it evolved through the vibrant 60s to become a symbol of the burgeoning youth culture and on into the 90s when it became firmly entrenched as an Italian icon The history of this phenomenon has been well documented as has the subculture that surrounds it but there has been no previous attempt to provide a guide to buying one of these classic scooters This book will help ensure that you avoid the main pitfalls and end up with your very own slice of La Dolce Vita on the driveway This Essential Buyer's Guide is packed with good advice from running costs paperwork vital statistics valuation and the Vespa community right through to whether your scooter will fit in with your lifestyle This is the complete guide to
