The Spirit and the Letter Paul S. Fiddes,Günter Bader,2013-08-01 Paul s statement that letter kills but the spirit gives

life 2 Corinthians 3:6 has had an extraordinary impact on Christian thought through the ages. It has been read both as affirming the saving power of the new covenant in comparison to the old and as a key to hidden spiritual meanings in the text of scripture. It is however an ambiguous phrase followed by a tangled story. This book explores the Pauline distinction both in its original context and in its aftermath in the early church, the Reformation and modern Biblical Studies. It then considers a postmodern reversal where ideas of Spirit are often seen as deadly and the openness of the letter or text as life affirming and draws conclusions for Spirit in the world.

Forgotten San Diego David Marshall, 2023. Memories are fleeting and a region's history can easily be forgotten. This book features over 200 unique and interesting historical postcards that vividly capture San Diego County's forgotten past from 1890 to 1990. From bowling alleys to military bases, from giant dirigibles to sleek airplanes, from billionaires to bulldogs, San Diego has changed so fundamentally that much of its charming history has faded from our memories. *Forgotten San Diego* showcases the unique evolution of San Diego and its neighboring cities, making sure that the triumphs, tragedies, and oddities of this region live on.

Going Postcard Vincent W.J. van Gerven Oei, 2017-05-15. In 1980 Jacques Derrida published *La carte postale De Socrate Freud et au delà*. At the occasion of the 30th anniversary of the English translation *Going Postcard: The Letter's of Jacques Derrida*, this seminal work in Derrida's oeuvre. Derrida himself described *The Post Card* in his preface as the remainders of a destroyed correspondence stretching from 1977 to 1979. A cryptic text, it is riddled with gaps, word plays, and a meandering analysis of the interface between philosophy and psychoanalysis. The contributors who offered the fourteen essays gathered in *Going Postcard* were each provided with a deceptively simple task: to write a gloss to a fragment from the first part of *The Post Card Envois*. The result is a prismatic array of commentaries, excursions, and interpretations that take Derrida to the letter. The different glosses on lemmas such as genre, erasure, telepathy, philately, and sperm transport *The Post Card* into the twenty-first century and offer a correspondence, if fragmentary, with Derrida's work and the work to come.
