

BENTO BOX IN THE HEARTLAND

"In simple, elegant prose, Linda Furiya shows something that we all know but often overlook—how important food is in retaining, nurturing, and building our identities."

—Michael Bauer, Executive Food and Wine Editor, *The San Francisco Chronicle*

Linda Furiya's girlhood in the small Indiana farm community where she grew up was marked by her differences: She was the only Asian in her school, the only girl whose mother packed rice balls and chopsticks in her lunch box, the only one whose parents' idea of a family vacation was loading the station wagon with an oversized cooler and driving across state lines in search of fresh fish.

Bento Box in the Heartland is the coming-of-age story of a girl whose struggles with assimilation in Midwestern America are touchingly juxtaposed with her tender affection for the Japanese foods that provided her parents with a crucial link to their homeland. Furiya tells of a childhood that was profoundly affected by her family's obsession with food, the care taken in the preparation of each recipe, and the importance of savoring every meal. Her deliciously rendered memoir is a uniquely American tale.

Bento Box In The Heartland:

Bento Box in the Heartland Linda Furiya, 2010-01-08 While growing up in Versailles an Indiana farm community Linda Furiya tried to balance the outside world of Midwestern America with the Japanese traditions of her home life As the only Asian family in a tiny township Furiya's life revolved around Japanese food and the extraordinary lengths her parents went to in order to gather the ingredients needed to prepare it As immigrants her parents approached the challenges of living in America and maintaining their Japanese diets with optimism and gusto Furiya meanwhile was acutely aware of how food set her apart from her peers She spent her first day of school hiding in the girls restroom examining her rice balls and chopsticks and longing for a Peanut Butter and Jelly sandwich Bento Box in the Heartland is an insightful and reflective coming of age tale Beautifully written each chapter is accompanied by a family recipe of mouth watering Japanese comfort food **Eating Words** Sandra M. metaphors present in a selection of Asian American narratives written by a variety of contemporary authors The intricate web of culinary motifs featured in these texts offers a fertile ground for the study of the real and imaginary histories of the Asian American community an ethnic minority that has been persistently racialized through its eating habits Thus this book examines those literary contexts in which the presence of food images becomes especially meaningful as an indicator of the nostalgia of the immigrant the sense of community of the diasporic family the clash between generations and the shocks of arrival and return The reading of Asian American edible metaphors from these perspectives will prove particularly revealing in relation to the notions of home identity and belonging all of them mainstays of the diasporic consciousness Series Contributions to Asian American Literary Studies Vol 8 Subject Asian American Literature Literary Criticism **Embracing**
