Each chapter follows the syllabus and contains a section of multiple choice questions to provide trainees with vital practice for the job knowledge and multiple choice tests. Highly illustrated throughout and now in full colour, this is the essential reference for qualified bricklayers and other professionals working in the construction industry as well as students wishing to embark on a career in bricklaying. There is also the facility to access the Support Material on the Routledge website which includes PowerPoint slides for each chapter, Lesson plans and schemes of work, Multiple choice questions and answers, Job knowledge questions and answers, Practical drawings and mark sheets.

The book has been written in a highly engaging style and includes many student friendly features. These will help to increase and improve your knowledge and understanding of the Diploma and include the following topics: Words and Meanings: New or difficult words and phrases are highlighted in the text and a clear definition is given. Quick Quiz: There will usually be a quick quiz after each topic. The quizzes are designed to test your knowledge of the work recently undertaken. They can be attempted at any time after reading the relevant section. Try This Out: These activities are more demanding than the quick quizzes and are designed to assist your preparation for the internal and external exams for the Diploma. The contents of the questions and tasks are based on examinations of recent years and should prove useful in your revision. Some of these tasks test your practical ability and need to be carried out in a workshop or on site. Photographs and Illustrations: Designed to help you to follow a step by step procedure or identify a tool or material. Each page of the book contains clear and descriptive illustrations and information about an activity or procedure. Useful Websites and Sources of Further Information: At the end of each chapter or section you will find a number of useful websites and sources of further information.
