Beloved And God The Story Of Hadrian And Antinous:

Beloved and God Royston Lambert,1984 **Beloved and god** Royston Lambert,1997 Beloved and God Royston Lambert,1984 The Seduction of the Mediterranean Robert Aldrich,2002-09-11 Through an explanation of forty figures in European culture The Seduction of the Mediterranean argues that the Mediterranean classical and contemporary was the central theme in homoerotic writing and art from the 1750s to the 1950s Episodes of exile murder drug taking wild homosexual orgies and court cases are woven into an original study of a significant theme in European culture The myth of a homoerotic Mediterranean made a major contribution to general attitudes towards Antiquity the Renaissance and modern Italy and Greece **The Seven Cities of the Apocalypse and Roman Culture** Roland H. Worth,2019-05-07 To understand the immediate cultural and societal background of the cities to which John wrote in Revelation 1 and 2 we must first understand the broader background of Roman civilization and its impact upon Asian province writes Roland H Worth in the introduction to this fascinating information packed work It is an in depth study of the history culture society economics and environment of early Christians living in Roman Asia Drawing on a multitude of resources from diverse disciplines Worth surveys Roman life and attitudes in general and demonstrates how Roman power developed and was exercised in Asia He describes life in Roman Asia what it was like to live in that province how the imperial cult grew and prospered there as well as the nature of official governmental persecution in the first century A second book The Seven Cities of the Apocalypse and Greco Asian Culture will fill in the details of the local background of the Christians for whom the mini epistles in the book of Revelation were written *Time and Uncertainty* Paul André Harris,Michael Crawford,2004-05-01 The essays in this volume all originated at the 2001 conference of the International Society for the Study of Time The theme Time and Uncertainty sounds redundant but the contributions try to come to terms with the irreducible openness of time and the impermanence of life The essays from various disciplines have been grouped around fracture and rupture grappling with time and uncertainty as a breach and rapture and structure solving uncertainty into pattern **Hadrian and the Triumph of Rome** Anthony Everitt,2009-09-01 A fascinating insight into the mind of the Roman emperor Sunday Telegraph London Born in A D 76 Hadrian lived through and ruled during a tempestuous era a time when the Colosseum was opened to the public and Pompeii was buried under a mountain of lava and ash Acclaimed author Anthony Everitt vividly recounts Hadrian s thrilling life in which the emperor brings a century of disorder and costly warfare to a peaceful conclusion while demonstrating how a monarchy can be compatible with good governance What distinguished Hadrian s rule according to Everitt were two insights that inevitably ensured the empire s long and prosperous future He ended Rome s territorial expansion which had become strategically and economically untenable by fortifying her boundaries the many famed Walls of Hadrian and he effectively Hellenized Rome by anointing Athens the empire s cultural center thereby making Greek learning and art vastly more prominent in Roman life By making splendid use of recently discovered archaeological materials and his own exhaustive

research Everitt sheds new light on one of the most important figures of the ancient world

The Art Collector in Early Modern Italy Monika Schmitter, 2021-09-23 Lorenzo Lotto's Portrait of Andrea Odoni is one of the most famous paintings of the Italian Renaissance. Son of an immigrant and a member of the non-noble citizen class, Odoni understood how the power of art could make a name for himself and his family in his adopted homeland. Far from emulating Venetian patricians, however, he set himself apart through the works he collected and the way he displayed them. In this book, Monika Schmitter imaginatively reconstructs Odoni's house, essentially a portrait of Odoni through his surroundings and possessions. Schmitter's detailed analysis of Odoni's life and portrait reveals how sixteenth-century individuals drew on contemporary ideas about spirituality, history, and science to forge their own theories about the power of things and the agency of objects. She shows how Lotto's painting served as a meta-commentary on the practice of collecting and on the ability of material things to transform the self.

Who's Who in Gay and Lesbian History Robert Aldrich, Garry Wotherspoon, 2020-10-07 Who's Who in Gay and Lesbian History: From Antiquity to the Mid Twentieth Century is a comprehensive and fascinating survey of the key figures in gay and lesbian history from classical times to the mid-twentieth century. Among those included are Classical heroes Achilles, Aeneas, Ganymede; Literary giants Sappho, Christopher Marlowe, Arthur Rimbaud, Oscar Wilde; Royalty and politicians Edward II, King James I, Horace Walpole; Michel de Montaigne. Over the course of some 500 entries, expert contributors provide a complete and vivid picture of gay and lesbian life in the Western world throughout the ages.

Encyclopedia of Homosexuality Wayne R. Dynes, 2016-03-22 First published in 1990, The Encyclopedia of Homosexuality brings together a collection of outstanding articles that were at the time of this book's original publication classic, pioneering, and recent. Together, the two volumes provide scholarship on male and female homosexuality and bisexuality and, reaching beyond questions of physical sexuality, they examine the effects of homophilia and homophobia on literature, art, religion, science, law, philosophy, society, and history. Many of the writings were considered to be controversial and often contradictory at that time and refer to issues and difficulties that still exist today. This volume contains entries from A to L.
