Beloved Book:

The Book of the Lover and the Beloved Ramon Llull, 2023-07-21 Reproduction of the original **The Book of the Lover and the Beloved; Translated from the Catalan of Ramón Lull with an Introductory Essay by E. Allison Peers**

Ramon Llull, 2025-08-15 Reproduction of the original The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage Beloved Toni Morrison, 1987-08-12 Toni Morrison author of Song of Solomon and Tar Baby is a writer of remarkable powers her novels brilliantly acclaimed for their passion their dazzling language and their lyric and emotional force combine the unassailable truths of experience and emotion with the vision of legend and imagination It is the story set in post Civil War Ohio of Sethe an escaped slave who has risked death in order to wrench herself from a living death who has lost a husband and buried a child who has borne the unthinkable and not gone mad a woman of iron eyes and backbone to match Sethe lives in a small house on the edge of town with her daughter Denver her mother in law Baby Suggs and a disturbing mesmerizing intruder who calls herself Beloved Sethe works at beating back the past but it is alive in all of them It keeps Denver fearful of straying from the house It fuels the sadness that has settled into Baby Suggs desolated center where the self that was no self made its home And to Sethe the past makes itself heard and felt incessantly in memories that both haunt and soothe her in the arrival of Paul D There was something blessed in his manner Women saw him and wanted to weep one of her fellow slaves on the farm where she had once been kept in the vivid and painfully cathartic stories she and Paul D tell each other of their years in captivity of their glimpses of freedom and most powerfully in the apparition of Beloved whose eyes are expressionless at their deepest point whose doomed childhood belongs to the hideous logic of slavery and who as daughter sister and seductress has now come from the place over there to claim retribution for what she lost and for what was taken from her Sethe s struggle to keep Beloved from gaining full possession of her present and to throw off the long dark legacy of her past is at the center of this profoundly affecting and startling novel But its intensity and resonance of feeling and the boldness of its narrative lift it beyond its particulars so that it speaks to our experience as an entire nation with a past of both abominable and ennobling circumstance In Beloved Toni Morrison has given us a great American novel Toni Morrison was awarded the 1988 Pulitzer Prize in Literature for Beloved

Unwrapping Beloved's Gift, Co-Creating Soul's Song Isaura Barrera, 2019-04-10 I think the best way you could describe this text is as put it in the Introduction a meditative map I know for certain that I did not grasp everything and also that I could return to it over the years and read it again and again always finding something new or something that had before remained unseen due to my own place in my own unique spiritual journey Lauren Sapala writer blogger and coach One day unexpected and un hoped for the world we had thought irretrievably lost may be returned to us I Zaleski 2006 It began with reading John O Donohue s Anam Cara I remembered I had once known such a friend and reached out to reconnect Love

opened the door hope kept it open and faith gave me the courage to walk through These words summarized my subsequent spiritual journey as I awakened to deep friendship with a human beloved as well as with Divine Beloved This book has two purposes to describe an inner spiritual journey inspired by deep friendship and to offer that description as a meditative map for others Isaura Barrera identifies five way stations that trace the path carved out by the song of love hope and faith evoked by her renewed friendship Each station is presented descriptively rather than prescriptively as an invitation to others on similar journeys Reflections at each station are linked to scriptural passages highlighting connections between deep friendship with a human beloved and deep friendship with Divine Beloved **Toni Morrison and the Bible** Shirley A.

Stave,2006 This collection of essays critically interrogates Toni Morrison's use of the Bible in her novels examining the ways in which the author plays on the original text to raise issues of spirituality as it affects race gender and class Ideal for courses on Morrison or on explorations of the intersection of religion and literature this collection treats its topic with sophistication considering religion in its broadest possible sense and examining syncretic theologies as well as mainstream religions in its attempt to locate Morrison's work in a spiritual theological nexus *Kizzi's Book of Names: The Book of David* Kizzi

Leslie Baynes,2012 The first full length analysis of the heavenly book motif in English this study highlights a vital element of early Jewish and Christian apocalyptic literature Through multiple intertextual readings it demonstrates that for the ancients heavenly writing had life or death consequences **Handbook of the American Novel of the Twentieth and**

Twenty-First Centuries Timo Müller,2017-01-11 Increasing specialization within the discipline of English and American Studies has shifted the focus of scholarly discussion toward theoretical reflection and cultural contexts These developments

have benefitted the discipline in more ways than one but they have also resulted in a certain neglect of close reading As a result students and researchers interested in such material are forced to turn to scholarship from the 1960s and 1970s much of which relies on dated methodological and ideological presuppositions The handbook aims to fill this gap by providing new readings of texts that figure prominently in the literature classroom and in scholarly debate from James s The Ambassadors to McCarthy s The Road These readings do not revert naively to a time before theory Instead they distil the insights of literary and cultural theory into concise introductions to the historical background the themes the formal strategies and the reception of influential literary texts and they do so in a jargon free language accessible to readers on all levels of qualification

Librum amici et amati. English. Johnston Ramon Llull,1995 Ramon LLull 1232 1316 was born the son of a prosperous Catalan merchant and spent his youth pursuing worldly pursuits until a series of powerful visions of Christ moved him to devote his life entirely to serving God One of his lifelong ambitions was to write a book to counter the errors of the infidels to which end he studied Arabic and immersed himself in whatever arabic texts he could obtain The Book of the Lover is one of the most celebrated works of medieval mystical literature offering a uniquely expressed and moving testimony to the soul s quest for union with God The 365 paragraphs of moral metaphors intended for daily meditation are written in the style of the Muslim sufis who offer words of love and brief exempla that inspire great devotion Professor Johnston concisely explains the peculiarities of Llull s idiosyncratic theological and philosophical system and offers the most comprehensive assessment to date of his debt to the Islamic tradition of devotional discourse In addition brief notes help to guide the reader s appreciation of the spiritual insight that Llull sought to stimulate with his text Contains original Latin and Catalan text translation and commentary
