Jack the Ripper - Unmasked: The Real Identity of the World's Most Infamous Killer is Revealed at Last William Beadle,2010-06-07 Had the Jack the Ripper murders taken place in 1988 not 1888 then our response to them would have been markedly different. Since those dark days in Victorian London we have learnt much about this type of killer: their damaged childhoods, misfit adulthoods, and psychopathic alienation from the human race. But can this new knowledge help to solve a mystery that has been eluding generations of policemen and historians? By comparing the crimes of the Ripper with those of other serial killers, Ripper expert William Beadle creates a more extensive psychological profile of the man behind Jack the Ripper than ever before. One suspect who embodied all the dire characteristics was William Henry Bury. Bury moved to the East End of London in 1887. He had a terrible childhood; he was a horsemeat butcher, and he had a violent relationship with his wife. But was Bury the Ripper? Beadle uses his Ripper psychological profile in conjunction with newly unearthed evidence. Bury was out all night on the dates of the murders, and when his wife committed suicide, she had been strangled, and her body ripped up in the same way as the Ripper's victims. When Bury was executed for the murder of his wife, the killings in the East End stopped. A Scotland Yard

Oscar Wilde had been a favourite of the late Victorians performing the roles of the dandy and the poet of art for art's sake. However, due to his questioning of prevalent moral double standards and his insistence on the autonomy of art, he was indicted for gross indecencies, convicted and sent to prison. Instead of being ostracised, he became a source of inspiration for writers and artists on the British Isles as well as on the European continent. The papers in this volume explore such topics as Wilde's concepts of socialism and aestheticism, his fashioning of the femme fatale and of the dandy, his use of fashion and of simulation, his impact on modernism and postmodernism as well as on genres such as crime writing and fictional biography, and the influence of Wilde on writers such as James Joyce, W. B. Yeats, Joe Orton, Peter Ackroyd, Tom Stoppard, David Hare and Mark Ravenhill. Other papers focus on the reception of Wilde in Russia, former Yugoslavia, Hungary and Germany as well as on cinematic and Internet representations of Wilde. Critical and creative responses vary from the general to the specific, from traditional assessments to analyses of the arts of camp, parody and pastiche, thus indicative of the sub-cultural appropriation of Saint Oscar.
