Wehrey, 2018-04-17 A riveting beautifully crafted account of Libya after Qadhafi The death of Colonel Muammar Qadhafi freed Libya from forty two years of despotic rule raising hopes for a new era But in the aftermath the country descended into bitter rivalries and civil war paving the way for the Islamic State and a catastrophic migrant crisis In a fast paced narrative that blends frontline reporting analysis and history Frederic Wehrey tells the story of what went wrong An Arabic speaking Middle East scholar Wehrey interviewed the key actors in Libya and paints vivid portraits of lives upended by a country in turmoil the once hopeful activists murdered or exiled revolutionaries transformed into militia bosses or jihadist recruits an aging general who promises salvation from the chaos in exchange for a return to the old authoritarianism He traveled where few Westerners have gone from the shattered city of Benghazi birthplace of the revolution to the lawless Sahara to the coastal stronghold of the Islamic State in Qadhafi's hometown of Sirt He chronicles the American and international missteps after the dictator's death that hastened the country's unraveling Written with bravura based on daring reportage and informed by deep knowledge *The Burning Shores* is the definitive account of Libya's fall **Report of the Select**

Warriors Erik Prince, 2014-10-28 The founder of Blackwater offers the gripping true story of the world's most controversial military contractor In 1997 former Navy SEAL Erik Prince started a business that would recruit civilians for the riskiest security jobs in the world As Blackwater's reputation grew demand for its services escalated and its men eventually completed nearly 100 000 missions for both the Bush and Obama administrations It was a huge success except for one problem Blackwater was demonized around the world Its employees were smeared as mercenaries profiteers or worse And

because of the secrecy requirements of its contracts with the Pentagon the State Department and the CIA Prince was unable to correct false information But now he is finally able to tell the full story about some of the biggest controversies of the War on Terror in a memoir that reads like a thriller An Independent View of The Donald J Trump Presidency William Smith, 2022-11-04 In the last four years I have been seeking answers as to why our country is so deeply divided Are we being fooled by those whom we rely on to deliver the truth about what is happening within America I believe that our government has failed us by allowing those with ulterior motives to influence our hearts and minds by commercially controlling our free enterprise system of democracy This book takes a chronological look at the inner workings of our government leading up and into Donald Trump's administration which has made him the most controversial president of my lifetime He has created a following that is every bit as fanatical about our government as he has been in the way he has shaped his administration to conform to his authority Here we have a president that was impeached twice has a long history of involvement in lawsuits plays by his own rules runs his business enterprises in an autocratic manner demands loyalty while firing those who fail to serve his needs yet can do no wrong in the eyes of his MAGA admirers Half of America loves him and half despises him Who really knows and understands Donald Trump Unfortunately we do not listen to another's position in life because we have already been conditioned to believe in what we have been told and what we have experienced ourselves We have been further hampered by the lack of information as much as by planted misinformation Finding the truth within Trump's presidency has been my obsession What I promised to do is find the cause and effect of our differences by presenting verifiably historical documentation so that readers can evaluate for themselves what is real and what is deliberate deception As an Independent voter I have called upon my conservative friends and acquaintances to present their point of view In order to Make America Great Again all we need to do is listen to each other then speak our concerns with understanding and compassion Eyes on Target Scott McEwen, Richard Miniter, 2014-02-25 Told through the eyes of current and former Navy SEALs EYES ON TARGET is an inside account of some of the most harrowing missions in American history including the mission to kill Osama bin Laden and the mission that wasn't the deadly attack on the US diplomatic outpost in Benghazi where a retired SEAL sniper with a small team held off one hundred terrorists while his repeated radio calls for help went unheeded The book contains incredible accounts of major SEAL operations from the violent birth of SEAL Team Six and the aborted Operation Eagle Claw meant to save the hostages in Iran to key missions in Iraq and Afghanistan where the SEALs suffered their worst losses in their fifty year history and every chapter illustrates why this elite military special operations unit remains the most feared anti terrorist force in the world We hear reports on the record from retired SEAL officers including Lt Cmdr Richard Marcinko the founder of SEAL Team Six and a former Commander at SEAL team Six Ryan Zinke and we come away understanding the deep commitment of these military men who put themselves in danger to protect our country and save American lives In the face of insurmountable odds and the imminent threat of death they give all to protect

those who cannot protect themselves No matter the situation on duty or at ease SEALs never ever give up One powerful chapter in the book tells the story of how one Medal of Honor winner saved another the only time this has been done in US military history EYES ON TARGET includes these special features A detailed timeline of events during the Benghazi attack Sample rescue scenarios from a military expert who believes that help could have reached the Benghazi compound in time The US House Republican Conference Interim Progress Report on the events surrounding the September 11 2012 Terrorist Attacks in Benghazi Through their many interviews and unique access Scott McEwen and Richard Miniter pull back the veil that has so often concealed the heroism of these patriots They live by a stringent and demanding code of their own creation keeping them ready to ignore politics bureaucracy and if necessary direct orders They share a unique combination of character intelligence courage love of country and what can only be called true grit They are the Navy SEALs and they keep their Eyes on Target
