today as a significant figure in the rediscovery of these extraordinary tales Legends from the Ancient North brings together from Penguin Classics five of the key works behind Tolkien's fiction They are startling brutal strange pieces of writing with an elemental power brilliantly preserved in these translations They plunge the reader into a world of treachery quests chivalry trials of strength They are the most ancient narratives that exist from northern Europe and bring us as near as we will ever get to the origins of the magical landscape of Middle earth Midgard which Tolkien remade in the 20th century
