Abraham Kuyper A Short And Personal Introduction:

Abraham Kuyper Richard J. Mouw, 2011-06-10 Richard Mouw was first drawn to Abraham Kuyper's writings about public life in the turbulent 1960s. As he struggled to find the right Christian stance toward big social issues such as the civil rights movement and the Vietnam War, Mouw discovered Kuyper's Lectures on Calvinism and with it a robust vision of active Christian involvement in public life that has guided him ever since. In this short and personal introduction, Mouw sets forth Kuyper's main ideas on Christian cultural discipleship, including his views on sphere sovereignty, the antithesis, common grace, and more. Mouw looks at ways to update and in some places even correct Kuyper's thought as he applies it to such twenty-first century issues as religious and cultural pluralism, technology, and the challenge of Islam. *The Oxford Handbook of Calvin and Calvinism* Bruce Gordon, Carl R. Trueman, 2021-07-28 The Oxford Handbook of Calvin and Calvinism offers a comprehensive assessment of John Calvin and the tradition of Calvinism as it evolved from the sixteenth century to today. Featuring contributions from scholars who present the latest research on a pluriform religious movement that became a global faith, the volume focuses on key aspects of Calvin's thought and its diverse reception in Europe, the transatlantic world, Africa, South America, and Asia. Calvin's theology was from the beginning open to a wide range of interpretations and was never a static body of ideas and practices. Over the course of his life, his thought evolved and deepened while retaining unresolved tensions and questions that created a legacy that was constantly evolving in different cultural contexts. Calvinism itself is an elusive term, bringing together Christian communities that claim a shared heritage but often possess radically distinct characters. The Handbook reveals fascinating patterns of continuity and change to demonstrate how the movement claimed the name of the Genevan reformer but was moulded by an extraordinary range of religious, intellectual, and historical influences from the Enlightenment and Darwinism to indigenous African beliefs and postmodernism. In its global contexts, Calvinism has been continuously reimagined and reinterpreted. This collection throws new light on the highly dynamic and fluid nature of a deeply influential form of Christianity. **The Calling of the Church in Times of Polarization**

, 2022-10-31 In many societies all over the world, an increasing polarization between contrasting groups can be observed. Polarization arises when a fear born of difference turns into us versus them thinking and rules out any form of compromise. This volume addresses polarizations within societies as well as within churches and asks the question: given these dynamics, what may be the calling of the church? The authors offer new approaches to polarizing debates on topics such as racism, social justice, sexuality, and gender, euthanasia, and ecology and agriculture in various contexts. They engage in profound theological and ecclesiological reflection in particular from the Reformed tradition. Contributors to this volume are: Najib George Awad, Henk van den Belt, Nadine Bowers, Du Toit Jaeseung Cha, David Daniels, David Fergusson, Jan Jorrit Hasselaar, Jozef Hehanussa, Allan Janssen, Klaas Willem de Jong, Viktoria Kuzina, Philipp Pattberg, Louise Prideaux, Emanuel Gerrit Singgih, Peter Ben Smit, Thandi Soko de Jong, Wim van Vlastuin, Jan Dirk Wassenaar, Elizabeth Welch, Annemarieke van der Woude, and Heleen

Zorgdrager T&T Clark Handbook of Neo-Calvinism Nathaniel Gray Sutanto, Cory Brock, 2024-01-25 Neo Calvinism critically advances Reformed orthodoxy for the sake of modern life Birthed in the Netherlands at the turn to the twentieth century initiated by Abraham Kuyper 1837 1920 and Herman Bavinck 1854 1921 it argued that a life before God entailed the leavening of faith over all human existence While the movement originated in the Netherlands the tradition now has a global reach with practitioners and thinkers applying its insights in diverse ways and in their own contexts This handbook is a genealogical introduction to this lively and modern branch of the Reformed tradition with contributors that reflect its global reach Its four sections chart the theological roots important original figures historical contours and the contemporary influence of neo Calvinism across a diversity of fields The Kuyper Center Review, Volume 4 Gordon Graham, John Bowlin, 2014-04-20 This volume of essays is a new step by the Abraham Kuyper Center for Public Theology at Princeton Theological Seminary to stimulate new work in the broad area of Reformed theology and public life The contributions here deal largely with political themes some contemporary some historical All But Invisible Nate Collins, 2017-09-12 What does it mean to be gay and a Christian Beginning with how the Bible describes the Church author Nate Collins outlines a vision for community life that challenges Christians to examine obstacles that inhibit spiritual unity This new vision calls straight and non straight believers alike to patterns of Christian obedience that respect and honor their similarities and differences In addition Collins provides a theological framework for understanding how Genesis 1 2 describes both gender and sexuality He then unpacks biblical concepts like desire lust and temptation and applies them to modern constructs like sexual attraction and orientation Collins explores the theme of identity focusing on facets of personal identity that are central to the experience of Christian gender minorities He looks at what Scripture says about the formation and function of Christian identity highlighting several theological and sociological tensions Collins writes for believers who have a traditional sexual ethic and provides a compelling vision of gospel flourishing for gay lesbian and other same sex attracted individuals

Worldview Theory, Whiteness, and the Future of Evangelical Faith Jacob Alan Cook, 2021-09-28 The twenty first century has seen energy passing between religious and political worldviews kicking up dust around the identity and conviction based fault lines in American society While many evangelical Christians have developed and deployed a worldview theory to describe and locate themselves within the world s ideological strife Jacob Cook argues this approach has in effect compelled those listening to adopt the world s divisive modes of dealing with difference rather than living out a compelling alternative As a popular framework for theology in recent history world viewing has driven its white evangelical adherents to narrate human lives in this world including their own in ways that warp Christian identity as a personal social and theological reality Through close studies of key white evangelical leaders who utilized the worldview concept for political engagement and cultural transformation over the last century Cook reveals why worldview theory is inept for grasping real human complexity and moreover how it forms a barrier to genuine life together as creatures in a world only the living God can really view In

between these studies he draws from current conversations in psychology sociology critical race studies and other fields to deliver a vigorous critique of the worldview concept and its use as well as its underlying impulse and to unmask what world viewing shares with the history and spirit of whiteness This book is for those wrestling with the relationship between Christianity and whiteness in America how the dynamics of whiteness have become transparent and thus contentions and where to go from here if one is to follow Jesus *The Oxford Handbook of Reformed Theology* Michael Allen, Scott R. Swain, 2020-10-30 The Oxford Handbook of Reformed Theology looks back to past resources that have informed Reformed theology and surveys present conversations among those engaged in Reformed theology today First the volume offers accounts of the major historical contexts of reformed theology the various relationships ancient and modern which it maintains and from which it derives Recent research has shown the intricate ties between the patristic and medieval heritage of the church and the work of the reformed movement in the sixteenth century The past century has also witnessed an explosion of reformed theology outside the Western world prompting a need for attention not only to these global voices but also to the unique and contingent history of reformed theology in the West hence reflecting on its relationship to intellectual developments like scholastic method or the critical approaches of modern biblical studies Second the volume assesses some of the classic representative texts of the reformed tradition observing also their reception history The reformed movement is not dominated by a single figure but it does contain a host of paradigmatic texts that demonstrate the range and vitality of reformed thought on politics piety biblical commentary dogmatic reflection and social engagement Third the volume turns to key doctrines and topics that continue to receive attention by reformed theologians today Contributors who are themselves making cutting edge contributions to constructive theology today reflect on the state of the question and offer their own proposals regarding a host of doctrinal topics and themes **Political Visions & Illusions** David T. Koyzis, 2019-05-07 In this freshly updated comprehensive study political scientist David Koyzis surveys the key political ideologies of our era unpacking the worldview issues inherent to each and pointing out essential strengths and weaknesses Writing with broad international perspective Koyzis is a sensible guide for Christians working in the public square culture watchers and all students of modern political thought *Witnessing God* Alexander E. Massad, 2024-12-16 This book is a comparative theological investigation into the following question how does one theologically understand the sincere truth seeking religious other who rejects one's truth claims not out of animosity or ignorance but rather from a desire to worship God in spirit and in truth Specifically this book investigates the extent to which soteriologically exclusivist Muslims and Christians maintain their respective truth claims while maintaining a posture of vulnerability to the revisionary power of the religious other's claims To answer these questions this book examines comparative theology's missiological foundation through a dialogical study of neo Calvinist and Reformist Sunni understandings of the epistemic status of the religious other This book is a practice in comparative theology with the goal of rethinking neo Calvinist theology of religions through Islamic thought

to present a missiological comparative theology amenable to exclusivist theological positions within Christianity and Islam
