Absurdism In Literature:

The Absurd in Literature Neil Cornwell, 2006-10-31 This is the first book to offer a comprehensive survey of the phenomenon of the absurd in a full literary context that is to say primarily in fiction as well as in theatre **Reading the Absurd** Joanna Gavins, 2013-07-30 What is the literary absurd What are its key textual features How can it be analysed How do different readers respond to absurdist literature Taking the theories and methodologies of stylistics as its underlying analytical framework Reading the Absurd tackles each of these questions Selected key works in English literature are examined in depth to reveal significant aspects of absurd style Its analytical approach combines stylistic inquiry with a cognitive perspective on language literature and reading which sheds new light on the human experience of literary reading By exploring the literary absurd as a linguistic and experiential phenomena while at the same time reflecting upon its essential historical and cultural situation Joanna Gavins brings a new perspective to the absurd aesthetic **The Absurd** Arnold P. Hinchliffe, 2017-07-06 First published in 1969 provides a helpful introduction to the study of Absurdist writing and drama in the first half of the twentieth century After discussing a variety of definitions of the Absurd it goes on to examine a number of key figures in the movement such as Esslin Sartre Camus Ionesco and Genet The book concludes with a discussion of the limitations of the term Absurd and possible objections to Absurdity This book will be of interest to those studying Absurdist literature as well as twentieth century drama literature and philosophy *The Routledge Companion to Absurdist Literature* Michael Y. Bennett, 2024-05-29 The Routledge Companion to Absurdist Literature is the first authoritative and definitive edited collection on absurdist literature As a field defining volume the editor and the contributors are world leaders in this ever exciting genre that includes some of the most important and influential writers of the twentieth century including Samuel Beckett Harold Pinter Edward Albee Eugene Ionesco Jean Genet and Albert Camus Ever puzzling and always refusing to be pinned down this book does not attempt to define absurdist literature but attempts to examine its major and minor players As such the field is indirectly defined by examining its constituent writers Not only investigating the so called Theatre of the Absurd this volume wades deeply into absurdist fiction and absurdist poetry expanding much of our previous sense of what constitutes absurdist literature Furthermore long overdue approximately one third of the book is devoted to marginalized writers black Latin x female LGBTQ and non Western voices [Nonsense and Other Senses](#) Elisabetta Tarantino with the collaboration of Carlo Caruso, 2020-07-24 This book deals with a topic that is gaining increasing critical attention the literature of nonsense and absurdity The volume gathers together twenty one essays on various aspects of literary nonsense according to criteria that are deliberately inclusive and eclectic Its purpose is to offer a gallery of nonsense practices in literature across periods and countries in the conviction that important critical insights can be gained from these juxtapositions Most of the cases presented here deal with linguistic nonsense but in a few instances the nonsense operates at the higher level of the interpretation of reality on the part of the subject or of the impossibility thereof The contributors to

the volume are established and younger scholars from various countries Chronologically the chapters range widely from Dante to Václav Havel and offer a large span of national literatures Czech English Finnish French German Italian Japanese and literary genres poetry prose and drama inviting the readers to trace their own pathway and draw their own lines of connection One point that emerges with particular force is the notion that what distinguishes literary nonsense is its somehow regulated nature Literary nonsense thus sounds like a deliberate last ditch attempt to snatch order from the jaws of chaos the speech of the Fool as opposed to the tale told by an idiot It is this kind of post Derridean retrieval of choice as the defining element in semantic transactions which is perhaps the most significant insight bequeathed by the study of nonsense to the analysis of poetry and literature in general The Cambridge Introduction to Theatre and Literature of the Absurd Michael Y. Bennett, 2015-10-26 This accessible Introduction provides an in depth overview of absurdism and its key figures in theatre and literature from Samuel Beckett and Harold Pinter to Tom Stoppard Essential reading for students this book provides the necessary tools to develop the study of some of the twentieth century's most influential works **The Cambridge Introduction to Theatre and Literature of the Absurd** Michael Y. Bennett, 2015-10-29 Michael Y Bennett's accessible Introduction explains the complex multidimensional nature of the works and writers associated with the absurd a label placed upon a number of writers who revolted against traditional theatre and literature in both similar and widely different ways Setting the movement in its historical intellectual and cultural contexts Bennett provides an in depth overview of absurdism and its key figures in theatre and literature from Samuel Beckett and Harold Pinter to Tom Stoppard Chapters reveal the movement's origins development and present day influence upon popular culture around the world employing the latest research to this often challenging area of study in a balanced and authoritative approach Essential reading for students of literature and theatre this book provides the necessary tools to interpret and develop the study of a movement associated with some of the twentieth century's greatest and most influential cultural figures Shakespeare and Absurdity. The Unseen Relation Danish Suleman, 2016-11-07 Essay from the year 2016 in the subject English Literature Works language English abstract The term absurdity is very well known in literature and frequently used by the writers of post 2nd World War They use this term in the manner of its meaning or even more than that in their works The effects of War and human sufferings from that caused absurdism to flourish and also spread Nihilism meaninglessness nothingness The aim and motive of this paper is to prove that the idea of absurdism may be new which is observed by absurd writer on human bizarre situation but the existence of absurdism was already been used in the writings of Elizabethan writers or before that In these writers the king of drama William Shakespeare was also one of the most prominent in whose writings the existence of absurdity can easily be traceable when he is well known for his tragedies and comedies Although this existence was not noticed by or tagged by the writers or critics of that time as absurdism there was its presence on the large scale This paper is going to compare the level of absurdity among the playwrights of absurd and absurdism in the selected works of

Shakespeare The idea here is that the writer who is still incomparable also created the levels of absurdity in his plays unintentionally without being aware of the notion of Absurdism *The Metaphysics of Absurdity* H. Gene Blocker, 1979

Re-Thinking Character in the Theatre of the Absurd Carmen Dominte, 2020-09-23 Using the character as a central element this volume provides insights into the Theatre of the Absurd highlighting its specific key characteristics Adopting both semiotic structuralist and mathematical approaches its analysis of the absurdist character introduces new models of investigation including a possible algebraic model operating on the scenic dramatic and paradigmatic level of a play not only exploring the relations configurations confrontations functions and situations but also providing necessary information for a possible geometric model The book also takes into consideration the relations established among the most important units of a dramatic work character cue d cor and r gie re configuring the basic pattern It will be useful for any reader interested in analyzing staging or writing a play starting from a single character
