The Victorian Baby in Print Tamara S. Wagner, 2020-10-15 *The Victorian Baby in Print* Infancy Infant Care and Nineteenth Century Popular Culture explores the representation of babyhood in Victorian Britain The first study to focus exclusively on the baby in nineteenth century literature and culture this critical analysis discusses the changing roles of an iconic figure A close look at the wide ranging portrayal of infants and infant care not only reveals how divergent and often contradictory Victorian attitudes to infancy really were but also challenges persistent clichés surrounding the literary baby that emerged or were consolidated at the time and which are largely still with us Drawing on a variety of texts including novels by Charles Dickens Wilkie Collins Mary Elizabeth Braddon Mrs Henry Wood and Charlotte Yonge as well as parenting magazines of the time childrearing manuals and advertisements this study analyses how their representations of infancy and infant care utilised and shaped an iconography that has become definitional of the Victorian age itself The familiar clichés surrounding the Victorian baby have had a lasting impact on the way we see both the Victorians and babies and a critical reconsideration might also prompt a self critical reconsideration of the still burgeoning market for infant care advice today

Moody's International Manual ,1998 **Huck's Raft** Steven Mintz, 2006-04-30 With a nod to the past Mintz revisits an alternative to the goal driven realities of contemporary childhood An odyssey of psychological self discovery and growth this book suggests a vision of childhood that embraces risk and freedom like the daring adventure on Huck's raft Motor Trend ,1969 **Infant Care and Motherhood in an Urban Community** John Newson, Elizabeth Newson, 2017-07-12

Infant Care and Motherhood in an Urban Community investigates the behavior and attitudes of 709 mothers towards their year old babies John and Elizabeth Newson impatient with the voluminous and contradictory literature telling parents how their children should be brought up decided to find out how they were being brought up *Infant Care in an Urban Community* is focused on sources of advice that influence parents how they feel about their children and how they react to situations in handling young babies Infant handling today is still a subject on which many different specialists use the full weight of their professional authority to back up their private prejudices concerning what is good and what is bad in the care of young children In the face of the conflict which results intelligent parents are rapidly forced to the conclusion that the experts know little more about the matter than they do themselves The truth is that in the present state of knowledge there is not a sufficient body of well substantiated evidence about the facts and consequences of child rearing on which to base sound practical advice to parents This is where this book comes in It shows that much of the advice offered is often out of touch with the practical needs circumstances and beliefs of the ordinary mother Few theories of child rearing have been subjected to the inconvenience of being reconciled with the empirical evidence This is the first study which has obtained information of this sort from a large and representative sample of mothers and which has investigated the behavior of both mother and baby *here and now* rather than relying on fond maternal memories A special feature is the use of tape recorded interviews

which has allowed extensive quotation of their mothers own opinions **The Too-Good Wife** Amy Borovoy,2005-12-29 Amy Borovoy has beautifully portrayed the dilemmas of being female in modern Japan and the nuanced grace with which these women manage their particular difficulties She has created an indelible portrait of the way women struggle with the eternal questions of being mothers and wives in particularly Japanese ways and the ways in which they reflect upon and manage their lives It is a remarkable book Tanya Luhrmann Max Palevsky Professor in the Committee on Human Development University of Chicago **Learning how to Feel** Ute Frevert,Pascal Eitler,Stephanie Olsen,2014 This volume demonstrates how children through their reading matter were provided with learning tools to navigate their emotional lives presenting this in the context of changing social political cultural and gender agendas the building of nations subjects and citizens and the forging of moral and religious values **Honoring the Code** Matt Barton,2016-04-19 If you want to be successful in any area of game development game design programming graphics sound or publishing you should know how standouts in the industry approach their work and address problems In Honoring the Code Conversations with Great Game Designers 16 groundbreaking game developers share their stories and offer advice for anyone Kids in Context Sarane Spence Boocock,Kimberly Ann Scott,2005-11 Kids in Context is an excellent presentation of qualitative research and theories of childhood The Family in English Children's Literature Ann Alston,2008-06-03 From the trials of families experiencing divorce as in Anne Fine s Madame Doubtfire to the childcare problems highlighted in Jacqueline Wilson s Tracy Beaker it might seem that the traditional family and the ideals that accompany it have long vanished However in The Family in English Children s Literature Ann Alston argues that this is far from the case She suggests that despite the tales of family woe portrayed in children s literature the desire for the happy contented nuclear family remains inherent within the ideological subtexts of children s literature Using 1818 as a starting point Alston investigates families in children s literature at their most intimate focusing on how they share their spaces their ideals of home and even on what they eat for dinner What emerges from Alston s study are not so much the contrasts that exist between periods but rather the startling similarities of the ideology of family intrinsic to children s literature The Family in English Children s Literature sheds light on who maintains control who behaves and how significant children s literature is in shaping our ideas about what makes a family good
