Capitalists in Communist China Keming Yang, 2012-10-28 Since 1949 Chinese capitalists have experienced some dramatic shifts in their political and economic life Keming Yang examines what such changes tell us about China s current political situation and future political development making use of both historical and current interdisciplinary evidence

Historical Dictionary of the People's Republic of China Lawrence R. Sullivan, 2007-05-23 When the Chinese Communist Party CCP seized power in October 1949

China was one of the poorest nations in the world In fact it was so weak it had been conquered by Japan a country one tenth its size a decade earlier Now more than fifty years later the People s Republic of China PRC is an emerging economic political and military superpower with the world s fastest growing economy and largest population 1.3 billion in 2005 A member of the United Nations Security Council since the early 1970s and a nuclear power China wields enormous influence in the world community The second edition of the Historical Dictionary of the People s Republic of China contains more than 400 cross referenced dictionary entries on individual topics spanning China s political economic and social system along with short biographies on important figures_ from politicians to writers and movie directors_ who have shaped Chinese history during the period of Communist rule from 1949 to 2006 Supplementing the entries are a chronology an introduction charts outlining the structure of the Chinese government and a bibliography of works in English making this a superb resource for college and high school students needing a quick reference on contemporary China

China's Long March to Freedom

Kate Zhou, 2017-09-08 China is more than a socialist market economy led by ever more reform minded leaders It is a country whose people seek liberty on a daily basis Their success has been phenomenal despite the fact that China continues to be governed by a single party Clear distinctions between the people and the government are emerging underlining the fact that true liberalization cannot be imposed from above Although a large percentage of the Chinese people have been part of China s long march to freedom farmers entrepreneurs migrants Chinese gays sex pleasure seekers and black marketers played a particularly important role in the beginning Lawyers scholars journalists and rights activists have jumped in more recently to ensure that liberalization continues Social dissatisfaction with the government is now published in the media addressed in public forums and deliberated in courtrooms Intellectuals devoted to improvement in human rights and continued liberalization are part of the process This grassroots social revolution has also resulted from the explosion of information available to ordinary people especially via the Internet and far reaching international influences All have fundamentally altered key elements of the moral and material content of China s party state regime and society at large This social revolution is moving China towards a more liberal society despite its government The Chinese government reacts rather than leads in this transformative process This book is a landmark a decade in the making

China Watching Robert Ash, David Shambaugh, Seiichiro Takagi, 2007-01-24 China Watching analyzes the state of European Japanese and American scholarship on China over the last decade The international team of contributors explore the main subjects and trends in research being done on contemporary Chinese politics economy foreign affairs and security studies They contrast the substance and conclusions of this research in Europe Japan and the United States contributing to topics that are hotly debated among China watchers worldwide The book provides a unique insight into the world of China studies as well as China itself and will appeal to those with an interest in Chinese politics economics foreign policy and security studies

Contemporary Chinese

Politics Allen Carlson, Mary E. Gallagher, Kenneth Lieberthal, Melanie Manion, 2010-07-29 Contemporary Chinese Politics

Sources Methods and Field Strategies considers how new and diverse sources and methods are changing the study of Chinese politics Contributors spanning three generations in China studies place their distinct qualitative and quantitative methodological approaches in the framework of the discipline and point to challenges or opportunities or both of adapting new sources and methods to the study of contemporary China How can we more effectively use new sources and methods of data collection How can we better integrate the study of Chinese politics into the discipline of political science to the betterment of both This comprehensive methodological survey will be of immense interest to graduate students heading into the field for the first time and experienced scholars looking to keep abreast of the state of the art in the study of Chinese politics

Political Booms: Local Money And Power In Taiwan, East China, Thailand, And The Philippines Lynn T White, 2009-06-10 Why have Taiwan rich parts of China and Thailand boomed famously while the Philippines has long remained stagnant both economically and politically Do booms abet democracy Does the rise of middle classes promise future liberalization Why has Philippine democracy brought no boom and barely served the Filipino people This book unlike most previous studies shows that both the roots and results of growth are largely political rather than economic Specifically it pays attention to local not just national power networks that caused or prevented growth in the four places under consideration Violence has been common in these polities along with money Elections have contributed to socio political problems that are also obvious in Leninist or junta regimes because elections are surprisingly easy to buy with corrupt money from government contracts Liberals should pay more serious theoretical attention to the effects of money on justice and Western political science should focus more clearly on the ways non state local power affects elections By considering the effects on fair justice of local money and power largely from small and medium sized firms that emerge after agrarian reforms this book asks democrats to face squarely the extent to which electoral procedures fail to help ordinary citizens Students and scholars of Asia will all need this book as will students of the West whose methods have become parochial

Fabricating Transnational Capitalism Lisa Rofel, Sylvia J. Yanagisako, 2018-12-31 In this innovative collaborative ethnography of Italian Chinese ventures in the fashion industry Lisa Rofel and Sylvia J Yanagisako offer a new methodology for studying transnational capitalism Drawing on their respective linguistic and regional areas of expertise Rofel and Yanagisako show how different historical legacies of capital labor nation and kinship are crucial in the formation of global capitalism Focusing on how Italian fashion is manufactured distributed and marketed by Italian Chinese ventures and how their relationships have been complicated by China s emergence as a market for luxury goods the authors illuminate the often overlooked processes that produce transnational capitalism including privatization negotiation of labor value rearrangement of accumulation reconfiguration of kinship and outsourcing of inequality In so doing *Fabricating Transnational Capitalism* reveals the crucial role of the state and the shifting power relations between nations in shaping the ideas and practices of the Italian and Chinese partners

Capitalism from Below Victor Nee, Sonja Oppen, 2012-06-19

Over 630 million Chinese escaped poverty since the 1980s the largest decrease in poverty in history Studying 700 manufacturing firms in the Yangzi region the authors argue that the engine of China's economic miracle private enterprise did not originate at the top but bubbled up from below overcoming initial obstacles set up by the government
