myths and reconceptualizes male sex work as a discrete field. Importantly, it provides a vehicle for the voices of male sex workers and new and established scholars. This richly detailed, humane, and innovative collection retrieves male sex work from silence and invisibility on the one hand and its association with scandal and stigma on the other. The findings within have profound implications for how governments approach public health and regulation of the sex industry and for how society can make sense of the complexities of human sexualities. A compelling scholarly read and a major contribution to a commercial sector that is often neglected in policy debates on sex work, this handbook will be of great interest to scholars of criminology, sociology, gender studies, and cultural studies, and all those interested in male sex work. *Human Trafficking: A Global Health Emergency* Mary de Chesnay, Donna Sabella, 2023-08-30. This book presents various forms of human trafficking, a growing trend in the exploitation of large numbers of people, with concurrent public health, socio-cultural, and economic costs to countries burdened with the consequences of the COVID-19 pandemic. Edited by psychiatric mental health nurses and an applied anthropologist, this volume covers all forms of human trafficking: sex trafficking, forced labor, forced marriage, baby trafficking, organ trafficking, child marriage, and child soldiers, with a global public health and policy focus. As such, it fills a gap in human trafficking knowledge and is built on courses springing up around the United States in multiple disciplines. Medical, mental health, and social work interventions are included, as well as information about programs with documented outcomes. Each chapter includes state-of-the-art knowledge with case studies illustrating specific focal ideas, discussion questions, and exercises in order to help readers retain and reinforce chapter material. This textbook will be useful in the disciplines of nursing, medicine, public health, social work, and policy making, as well as in disciplines in which human trafficking is a current interest, such as law, criminal justice, and education. *Digital Me* Z Nicolazzo, Alden C. Jones, Sy Simms, 2022-12-09. The Internet is a potent site from which to theorize but also imagine, invest in, and explore the prismatic possibilities for life. *Digital Me* explores how transgender people use the Internet in myriad ways. The book explores online life from cultivating identity to creating community and everything in between. *New Age*, 1982-08. **Egalitarian Digital Privacy** Tsachi Keren-Paz, 2023-03-30. Should digital platforms be responsible for intimate images posted without the subject's consent? Could the viewers of such images be liable simply for viewing them? This book answers these questions in the affirmative while considering the social, legal, and technological features of unauthorized dissemination of intimate images or revenge porn. In doing so, it asks fundamental socio-legal questions about responsibility, causation, and apportionment, as well as conceptualizing private information as property. With a focus on private law theory, the book defines the appropriate scope of liability of platforms and viewers while critiquing both EU and US solutions to the problem. Through its analysis, the book develops a new theory of egalitarian digital privacy. **Criminal Law and Procedure** Stephanie A. Jirard, 2018-12-25.
