**Bad Blood** Angela Marsons, 2023-11-15 The victim is lying under the trees arms lifted above his head unnaturally still His muscles are slack His eyes are empty There are no signs of life But he is not quite dead When Detective Kim Stone races to the crime scene there is no body waiting for her the paramedics are desperately trying to save the victim s life But there was something very strange about the way the man was found his arms raised above his head his legs spread apart When he dies on the way to the hospital Kim is certain she s on the hunt for a killer but all evidence at the scene has been destroyed The dead man Eric Gould seems ordinary until the team dig into his past As a teenager he was locked away for attacking his girlfriend and Kim suspects he was hurting his fianc now Was someone trying to stop history repeating Then another man is found on the verge of death his bones broken to force him into an unnatural shape The team realise the killer is sending a message the victims bodies are spelling out their sins As boys they were both part of a group of six who bragged about their terrible crimes But they were children then and when she sees the grief on the faces of their loved ones now Kim swears to find answers Is someone finally getting revenge or do they think these men are still dangerous The killer is threatening to strike again and the only way Kim can crack the case is by tracking down the rest of the six first But then a revelation about what one of her team is suffering makes Kim understand why people take the law into their own hands Do these victims deserve what s coming to them Or is there even more to fear from their brutal killer Unputdownable from start to finish **Bad Blood** is a brilliantly gripping crime thriller with a reveal you ll never see coming Fans of Karin Slaughter Robert Dugoni and Val McDermid will love the latest compulsive read from multi million copy bestseller Angela Marsons Can be read as a standalone See what everyone is saying about **Bad Blood** Fantastic read gripping twisty turny and very VERY addictive had me hooked and I loved every single word What more can I say other than fab fab fab Stardust Book Reviews I loved this book brilliantly additive page turner quite possibly the best crime thriller I have read this year very highly recommended Donna s Book Blog Oh boy Angie Marsons knocks another Kim Stone story out of the park So many great twists and turns and stunning reveals NetGalley reviewer Once again I read this in record time and I am lost for words to describe how engrossing this book is I love everything about this series cracking read that I highly recommend Goodreads reviewer Wow what can I

the beleaguered colony Trouble is Hartman is that one guy from Jade s past that she d rather not talk about Reunions with old friends philosophical Martians buck nights weddings jealous suiters and an over friendly canine all add spice and intrigue to those lofty peaks and are seemingly par for the course for Harry these days Conflicted confused and complicated as never before and with Mars Central s future hanging in the balance to say nothing of a free solar system and the fate of the human race Harry must put aside his differences if the colony is to have any hope of victory      **Bad Blood** Guy Young,2014-11-14
