Molanphy, 2023-10-06 In Old Town Road Chris Molanphy considers Lil Nas X s debut single as pop artifact chart phenomenon and cultural watershed Old Town Road was more than a massive hit with the most weeks at No 1 in Billboard Hot 100 history

It is also a prism through which to track the evolution of popular music consumption and the ways race influences how the music industry categorizes songs and artists. By both lionizing and satirizing genre tropes it's a country song built from an alternative rock sample, a hip hop song in which nobody raps, a comical song that transcends novelty, and a queer anthem. Lil Nas X troubles the very idea of genre. Ultimately, Molanphy shows how *Old Town Road* channeled decades of Americana to point the way toward our cultural future.

Vibe Corey J. Miles, 2023-11-27 Where exactly does the South begin and end? Current maps are too rigid to account for the ways Black people have built the South while being simultaneously excluded from it. Drawing from the different ways Black artists in the 252 area code in North Carolina use *vibe* as a mode of knowing and communication, author Corey J. Miles illustrates how Black feeling and unfeeling offer entry points into the contemporary South that challenge static and monolithic notions of the region. Placing the local artists in conversation with other southern cultural creators such as 2 Chainz, Rod Wave, and Rapsody, these ethnographic narratives demonstrate that there are multiple Souths with overlapping and distinct commitments to working through pain, sound, and belonging. In *Vibe: The Sound and Feeling of Black Life in the American South*, Miles narrates how southern Black sound, feeling, and being is constantly policed, surveilled, and criminalized. In doing so, he re-narrates the region as the carceral South to capture the ways people in the South and beyond can feel the emotional weight of the criminalization of Blackness. Pain music, a subgenre of trap music, is used to take the listener to moments of violence to allow them to hear the desires, anger, and silences that bind Black life in community. Through conceptions of ratchet, hood, and ghetto, Black artists turn away from respectable images and unmap the South. In trap music, they move the South to a space where multiple modes of being find respect and care.

Blood & Bone Series: A Steamy Rock Star Romance Boxset Paula Dombrowiak, 2023-08-29 A steamy four-book rockstar romance boxset. It all started with a pair of jeans and a sharpie. Four friends left their hometown to chase a dream. In this bonus novella, their children are all grown up and learning to navigate life in the wake of their famous parents. *Blood & Bone*: An emotional love triangle, second chance, friends-to-lovers rock star romance. Jack O'Donnell is a middle-aged rock star with a long history of bad decisions. Erin Langford is a seasoned journalist tasked with writing a piece on the aging rock star. As Jack starts to reveal the heart-wrenching details of his past, the feature she thought she was going to write turns into so much more. *Two Days One Interview*: Twenty-five years of rock n' roll. Telling his story might just repair past relationships and ignite new ones. *Breath to Bear*: An emotional second chance rock star romance. Journalists are supposed to be objective, to look at a story as if they're outside a window looking in. Instead, she fell through the glass and right into Jack O'Donnell's bed. The memoir she was supposed to write turned into more than she bargained for. Jack O'Donnell thought telling his story would purge his demons, but it didn't. If anything, it brought them closer to the surface. Now they're threatening to drag him back into the darkness and stop him from moving on with the journalist who captured his story and his heart. *Bonds We Break*: An emotional love triangle, second chance rock star romance. She promised herself to one man while still in love with another. She came

between two best friends and by betraying one lost everything In the end they both knew those bonds were always meant to be broken Her name was Mia Stone You may know how her story ends but the truth is buried between the headlines A secret that was meant to be taken to the grave Until now Bound to Burn An emotional age gap second chance rock star romance Cash Morgan didn't want to fall for her In fact he was determined not to but she danced her way into his heart with her pink glittered Converse and the sweet taste of peppermint She's way too young and chasing something he can't give her but that doesn't stop him from wanting her Sasha Leone was the curveball he never saw coming If you love damaged heroes who get a second chance at love then you'll love this gritty and emotional rock star romance boxset Bill Brewster, 2014-01-14

Phillip Vannini,Jonathan Taggart,2014-10-30 Off grid isn't a state of mind It isn't about someone being out of touch about a place that is hard to get to or about a weekend spent offline Off grid is the property of a building generally a home but sometimes even a whole town that is disconnected from the electricity and the natural gas grid To live off grid therefore means having to radically re-invent domestic life as we know it and this is what this book is about individuals and families who have chosen to live in that dramatically innovative but also quite old way of life This ethnography explores the day to day lives of people in each of Canada's provinces and territories living off the grid Vannini and Taggart demonstrate how a variety of people all with different environmental constraints live away from contemporary civilization The authors also raise important questions about our social future and whether off grid living creates an environmentally and culturally sustainable lifestyle practice These homes are experimental labs for our collective future an intimate look into unusual contemporary domestic lives and a call to the rest of us leading ordinary lives to examine what we take for granted This book is ideal for courses on the environment and sustainability as well as introduction to sociology and introduction to cultural anthropology courses
