Nondualism Jon Paul Sydnor, Anthony J. Watson, 2023-09-05 The time has come for nondualism As a fundamentally unifying concept nondualism may seem out of place in an age of rising nationalism and bitter deglobalization but our current debates over tribalism and universalism all grant nondualism an informative relevance Nondualism rejects both separation and identity thereby encouraging unity in difference Yet nondualism as a word occupies a large semantic field Nondual theists advocate the unity of humankind and God while nondual atheists advocate the inseparability of all persons without reference to a divinity Ecological nondualism asserts that we are in nature and nature is in us while monistic nondualists assert that only God exists and all difference is illusion Edited by Jon Paul Sydnor and Anthony Watson and guided by scholars from different religions and specializations Nondualism An Interreligious Exploration explores the semantic field that nondualism occupies The collection elicits the expansive potential of the concept clarifies agreement and disagreement and considers current applications In every case nondualism is universal in its relevance yet always distinctive in its contribution
