Philosophy of Re-recording Brandon Polite,2025-01-09 A lively and thorough exploration of the aesthetic metaphysical ethical political and legal implications of Taylor Swift's ongoing project of re-recording her first six studio albums When Taylor Swift's record label was sold in 2019 the six studio albums she recorded for them came under the control of a person with whom she has had years of bad blood Kanye West's former manager Scooter Braun But rather than move on Swift chose to take the unprecedented step of re-recording duplicate versions of those albums With all of the profits made from selling streaming and licensing these Taylor's Versions going directly to Swift she could deprive Braun of potentially hundreds of millions of dollars The gambit has already paid off The first two Taylor's Versions of Fearless and Red debuted at Number 1 on the Billboard charts and have sold over one million copies so far and four more are still on the way In this book ten philosophers a music producer and a composer music technologist explore the philosophical richness of Swift's project and the questions it raises Are Swift's re-recordings new works of art or mere copies of the originals Do the Taylor's Versions of the songs have the same meanings as the original versions or do they now mean something different Is her re-recording project genuinely artistic or merely commercial Is Swift standing up for artists' rights or looking out for herself Does the music industry exploit artists and if so how should it be reformed Together they show the philosophical dividends one of the most famous and acclaimed recording artists of her generation is capable of producing For anyone interested in the complicated relationship between popular art and commerce this book is a must read **Star-Spangled Jesus** April Ajoy,2024-10-01 A hilarious and

eye-opening account of leaving Christian Nationalism behind to follow Jesus better April Ajoy wouldn't have called herself a Christian Nationalist when she performed her original song America Say Jesus on the Jim Bakker show or when she participated in Jesus Marches across America or when she posted cringe-worthy videos on YouTube to campaign for Mitt Romney April just considered herself a good Christian faithful Republican and determined to make America a Christian nation once again But as her view of the world widened Ajoy began to see cracks in her steadfast beliefs and recognized the

ways her conservative politics and religion were intertwined in her mind Did God really bless America Is it actually by His red white and blue stripes that we are healed Ajoy content creator and podcast host shares funny stories from her time deep within Christian nationalism exploring how aspects of evangelical culture such as product boycotts Satanic panic and end times theology have all been exploited to advance the Christian Nationalist narrative She also illuminates the ways nationalist thinking has infiltrated our churches and political arenas shaping not only modern evangelical culture but also American public policy and international relations Part memoir part guidebook part call to action Star Spangled Jesus explores how the fight to make America a Christian nation has damaged us all and shows how one woman left Christian Nationalism and why America should too

Taylor Swift for Adults Kev Nickells, 2024-07-30 Taylor Swift for Adults is a tantalizing opening salvo in Swiftology the study of the work of Taylor Swift While Swift's private life has been covered to death her talent as a lyricist has rarely been analyzed Until now Swifties are well aware that she's a lyricist par excellence but this book makes that case to the unbelievers Swift's gift as a songwriter is not merely sentimentality and circumstance and this book takes a deep look at her 10 albums to isolate what makes her a beloved lyricist for millions Any serious study of a lyricist or poet needs to establish what are the tropes the patterns and the style of that artist and this book does precisely that With careful attention to poetic detail the scansion flow and form of her writing this brings out those details that pass by in a flash on the radio bringing them fully into focus Many have made the argument that Swift is a gifted lyricist in online forums and YouTube comments but this is the first time in writing those arguments have been given shape and serious attention It's a book aimed at adults but not puffed bores taking a subject seriously can also mean laughing at swearwords and sex metaphors Rather than puffed and straitened this is a lightly witty book expressing at its core a deep affection for this generation's favorite songwriter
