## **Bagua A Means To An End:**

**Bagua - a Means to an End** Mike Patterson, 2014-07-02 Mike Patterson has released his second offering in the internal martial arts genre. This time the spotlight is on the art of Baguazhang. This second book is again focused on covering the tactical theories, training methods, and philosophy of Baguazhang as a martial art. A bit more information on the health, vitality, and cultivation methods found within these disciplines has been included as well due to popular request. Shifu Patterson is widely considered to be one of the foremost experts in the world on the internal martial arts. With over 42 years of experience at the time of writing as a successful fighter, coach, and teacher, he has authored another masterpiece covering a broad range of the Baguazhang discipline. Relating once again viewpoints gained from immense experience gleaned from the crucible of continuous and true testing of internal martial arts tenets within full contact fighting venues, Shifu Patterson has become known for his in-depth knowledge of the mechanics, physics, and kinetics that make these arts viable within real combat. And once again he writes from his strengths with emphasis placed on opening and closing phases of core power generation within solo exercises, moving form, and partner training of Baguazhang. Perspectives on training, skill development, conditioning, meditation, energetics, Taoist alchemy, partner drilling, strategy, tactics, and cultivation are all discussed thoroughly. This is a work once again designed to present Bagua in a plain English, straightforward manner. Great lengths are taken to explain concepts with science while offering simple physical proofs to test the veracity of the methods. The author again avoids subject matter that has been done to death in other books with only a cursory nod to history and any songs devoid of explanation; instead, he puts forth concrete methodology allowing practitioners to marry traditional practice to real-world application. To this end, the book also covers R S P C T Realistically Structured Progressive Combat Training for Baguazhang. Those familiar with the author's book on Xingy will recognize that RSPCT is a contemporary methodology of translating traditional concepts and tactics into viable combat skills through specific partner training. And in this book, the methods designed for Bagua are included to train effective fighting for either competition or street environments. All such Bagua training methods, drills, and exercises are discussed in depth. The book is once again punctuated by personal anecdotes to drive home certain salient points gleaned from his teachers within the scope of the Baguazhang discipline during his over 42 years of study. The book contains 234 pages, single spaced, 12 pt Times New Roman at 8 1/2 x 11 and over 800 photos and illustrations. A summary of the main table of contents follows: Statement Of Purpose, Dedication, History, Pre Heaven, Post Heaven, Bagua, Qi Gong, Meditation, Energetics, Eight Basic Palms, Eight Mother Palms, Walking The Circle, When A Stride Is Not A Stride, Controlling Momentum, The 24 Keys Of Baguazhang, Focus And Be Rewarded, Beginnings, The Moving Guard Of The Circle, Mud Stepping, Why Do It Every Step Can Be A Kick, Every Kick Can Be A Step, The Three General Counter Strategies, The Circular Nature Of Attack, The Utility Of Strength, Tien Kan, Pliability, Serving Tea, Exercises, The 8 Pole Exercises, Tangential Movement, Jiang Rang, Chiao's Frame, The Tool Of Balance, Selected Applications To Drill Or Not To Drill.
