**A Sourcebook for Helping People with Spiritual Problems** Emma Bragdon,1993 *A Sourcebook for Helping People with Spiritual Problems* Emma Inc. Bragdon,2012-11 As more people practice meditation yoga and participate in workshops for personal transformation increasing numbers of them are having experiences related to spiritual awakening The problem is they don't know the territory An intense spiritual experience can seem overwhelming and scary and even be confused with going crazy This practical book is the classic text newly updated in 2006 3rd edition defining the problems that can arise when someone is disoriented by intense spiritual experiences It is a valuable resource for anyone interested in spiritual experiences and their relationship to mental health and mental illness It distinguishes the differences between various mental pathologies and indicators of spiritual awakening It clearly describes the kind of care one needs in a spiritual emergency process and how the care is dramatically different than conventional psychiatric treatment It traces the history of how signs of spiritual awakening have been perceived in the past Graduate schools of psychology use this book as a text because it is such a clear statement about the nature of spiritual crises and appropriate treatment However it is written in a style that is also appropriate for any adult reader The author a transpersonal psychologist has written five other books on spiritual healing and awakening The title of the first edition of this book was *A Sourcebook for Helping People in Spiritual Emergency* and was published in 1988 *The Call of Spiritual Emergency* Emma Inc. Bragdon,2012-08-16 A feast of revealing narratives expose the amazing story of how people deal with critical points in personal transformation also known as spiritual emergency With the increase of interest in yoga meditation mental health recovery and recovery from addiction there is renewed interest in care that is not based on medication as much as empathy and compassionate companionship This book helps anyone who doesn't have a language to understand intense inner experiences and confuses them with mental illness If you have felt disoriented by intense spiritual experiences this book will help you understand where you are and where you may be heading It is a map of the journey of spiritual awakening written by a psychologist who knows the territory well Reading it may make the difference between heading off to the hospital to get drugs to stop the symptoms or staying home and knowing you are OK Just because you have had a conversation with your spirit guide or talked to the spirit of someone who has passed away doesn't mean you are having a breakdown It could mean you are having a breakthrough to a higher level of functioning The author is a psychologist and knows the territory
