Analytics At Work Smarter Decisions Better Results:

Analytics at Work Thomas H. Davenport, Jeanne G. Harris, Robert Morison, 2010 As a follow up to the successful *Competing on Analytics* authors Tom Davenport, Jeanne Harris and Robert Morison provide practical frameworks and tools for all companies that want to use analytics as a basis for more effective and more profitable decision making. Regardless of your company's strategy and whether or not analytics are your company's primary source of competitive differentiation, this book is designed to help you assess your organization's analytical capabilities, provide the tools to build these capabilities, and put analytics to work. The book helps you answer these pressing questions: What assets do I need in place in my organization in order to use analytics to run my business? Once I have these assets, how do I deploy them to get the most from an analytic approach? How do I get an analytic initiative off the ground in the first place, and then how do I sustain analytics in my organization over time? Packed with tools, frameworks, and all new examples, *Analytics at Work* makes analytics

understandable and accessible and teaches you how to make your company more analytical. **Enterprise Analytics** Thomas H. Davenport, 2013 International Institute for Analytics. Dust jacket. Management John R. Schermerhorn, Jr., 2010-10-18 Completely updated and revised, this eleventh edition arms managers with the business tools they'll need to succeed. The book presents managerial concepts and theory related to the fundamentals of planning, leading, organizing, and controlling, with a strong emphasis on application. It offers new information on the changing nature of communication through technology. Focus is also placed on ethics to reflect the importance of this topic, especially with the current economic situation. This includes all new ethics boxes throughout the chapters. An updated discussion on the numerous legal law changes over the last few years is included as well. Managers will be able to think critically and make sound decisions using this book because the concepts are backed by many applications, exercises, and cases. **Handbook of Research on**
