Ancient Gnosticism Traditions And Literature:

Ancient Gnosticism Birger Albert Pearson, 2007 A brief and accessible introduction to Gnosticism Ancient Gnosticism Birger A. Pearson, 2007 **Gnosticism, Judaism, and Egyptian Christianity** Birger A. Pearson, In this important contribution to the scholarly study of Egyptian Gnosticism Pearson situates Gnosticism in its historical context and describes its manifold relationships to Judaism early Christianity and ancient Platonism Birger Pearson gives special attention to the controversial issue of the impact of Gnosticism on early Egyptian Christianity up to the Muslim conquest of the seventh century Pearson is one of the most thorough and perceptive scholars in Gnostics studies today The topics he deals with here are current and important and no doubt will remain so for some time This volume is a must for everyone in the field Douglas M Parrott University of California Riverside Uniformly excellent contributions on the subject Students and teachers will benefit from Pearson's insightful and creative observations Marvin Meyer Chapman College **Gnosticism and the History of Religions** David G. Robertson, 2021-08-12 Building on critical work in biblical studies which shows how a historically bounded heretical tradition called Gnosticism was invented this work focuses on the following stage in which it was essentialised into a sui generis universal category of religion At the same time it shows how Gnosticism became a religious self identifier with a number of sizable contemporary groups identifying as Gnostics today drawing on the same discourses This book provides a history of this problematic category and its relationship with scholarly and popular discourse on religion in the twentieth century It uses a critical historical method to show how and why Gnosis Gnostic and Gnosticism were taken up by specific groups and individuals practitioners and scholars at different times It shows how ideas about Gnosticism developed in late nineteenth and twentieth century scholarship drawing from continental phenomenology Jungian psychology and post Holocaust theology to be constructed as a perennial religious current based on special knowledge of the divine in a corrupt world David G Robertson challenges how scholars interact with the category Gnosticism and contributes to our understanding of the complex relationship between primary sources academics and practitioners in category formation

The ^A Western Esoteric Traditions Nicholas Goodrick-Clarke, 2008-10-14 The Western Esoteric Traditions offers a concise history of a distinct form of philosophical spirituality extending from Hermeticism Neo Platonism and Gnosticism in the early Christian era up until the present New paradigms in medicine and science attest to the continuity of esoteric ideas into the twenty first century *Gnostic Religion in Antiquity* Roelof van den Broek, 2013-01-24 Gnostic religion is the expression of a religious worldview which is dominated by the concept of Gnosis an esoteric knowledge of God and the human being which grants salvation to those who possess it Roelof van den Broek presents here a fresh approach to the gnostic current of Late Antiquity within its historical and religious context based on sources in Greek Latin and Coptic including discussions of the individual works of preserved gnostic literature Van den Broek explores the various gnostic interpretations of the Christian faith that were current in the second and third centuries whilst showing that despite its

influence on early Christianity gnostic religion was not a typically Christian phenomenon This book will be of interest to theologians historians of religion students and scholars of the history of Late Antiquity and early Christianity as well as specialists in ancient gnostic and hermetic traditions **Paul and the Second Century** Michael F. Bird, Joseph R. Dodson, 2011-07-07 **Philo's Influence on Valentinian Tradition** Risto Auvinen, 2024-07-05 In this book Risto Auvinen reevaluates the relationship between the exegetical and philosophical traditions found in the works of Philo and those of the Valentinian gnostic tradition with a particular focus on the latter half of the second century Valentinianism's formative years Texts examined include fragments of Valentinus Heracleon and Ptolemy's Letter to Flora in addition to the Valentinian source included in the Excerpta ex Theodoto by Clement of Alexandria and related sections in Irenaeus's Adversus haereses Auvinen asserts that the number of parallels with Philo in the Valentinian sources increases the likelihood that there was a historical relationship between Philo's writings and Valentinian teachers These connections expand our knowledge not only of the preservation and circulation of Philo's texts in the latter part of the second century but also of the importance of the allegorical traditions of Hellenistic Judaism on Valentinus's school of thought and on Gnosticism more broadly The Gnostic World Garry W. Trompf, Gunner B. Mikkelsen, Jay Johnston, 2018-10-03 The Gnostic World is an outstanding guide to Gnosticism written by a distinguished international team of experts to explore Gnostic movements from the distant past until today These themes are examined across sixty seven chapters in a variety of contexts from the ancient pre Christian to the contemporary The volume considers the intersection of Gnosticism with Jewish Christian Islamic and Indic practices and beliefs and also with new religious movements such as Theosophy Scientology Western Sufism and the Nation of Islam This comprehensive handbook will be an invaluable resource for religious studies students scholars and researchers of Gnostic doctrine and history *They Went Out from Us* Daniel R. Streett, 2011 Most interpreters of 1 2 3 John believe that the author's opponents called antichrists deceivers and false prophets advocated gnostic or progressive doctrines that denied or downplayed the humanity of Jesus Christ and the importance of ethical behaviour and eventually split the Johannine community Against this consensus Streett argues that the opponents are former Jewish Christians who have left the community to return to the synagogue after renouncing their belief that Jesus is the Jewish Messiah
