Sharon A. Wynne,2008 Annotation I just got back from the 120 subtest for Biology Life Science and I was very disappointed with this book The book and practice test was not even close to preparing me for the test Luckily I had already studied the biology portion when I took the PCAT not too long ago This book was way too basic compared to the kinds of questions that were asked They seem to be more conceptual as can you interpret the information you just learned into the answer You re pretty much better off learning from an AP Biology study book **Teacher's Guide for the Annotated Edition OfBiology, the Study of Life** William D.
