Episodes In Visions Zebron Ncube, D. Min. , 2018-04-30 In his book Dr Zebron Ncube argues that in spite of socio political chaos and pessimistic and secular thinking that dominate human society the Book of Revelation tells us that God is still in control This is the prism through which the Book of Revelation should be read In *Episodes in Visions* each episode has its own full Bible text key thought major objective overview and discussion with practical implications The preacher will find this book to be a tremendous resource for a preaching series Individuals and study groups will benefit from the easy to use outlines of the book The book is written from a preacher's perspective to give hope to a cringing spirit because the foundations of human society are crumbling God is in control Dr Zebron Ncube explains the mysteries of symbols and numbers to connect the contemporary mind with John and his first century audience No other book has so much relevance to the contemporary church and world as does the Book of Revelation that Dr Ncube writes about

The Bible and Western Culture Sam Armato, 2012-10 I taught at the University of Southern California for 28 years During that time I developed a number of courses including *The Bible as Literature* the first such course in the country which subsequently proliferated in universities around the country I taught the course for ten years which attracted upwards of 100 students every semester deepening my research and knowledge of the Bible and my insights into the Bible's influence on

Western Civilization The ceiling of the Sistine Chapel is the most obvious evidence of the Bible's artistic inspiration Michelangelo spent years on his back producing his frescos depicting scenes of the Bible The ubiquitous presence of the Bible and its influence on virtually every facet of Western Civilization have no equal Yet few are sufficiently familiar with the text to recognize its ubiquity This book intends to correct that innocence **The Myth of Rebellious Angels** Stuckenbruck, Loren T., 2017-02-17 The mythical story of fallen angels preserved in 1 Enoch and related literature was profoundly influential during the Second Temple period In this volume renowned scholar Loren Stuckenbruck explores aspects of that influence and demonstrates how the myth was reused and adapted to address new religious and cultural contexts Stuckenbruck considers a variety of themes including demonology giants exorcism petitionary prayer the birth and activity of Jesus the Holy Spirit the conversion of Gentiles apocalyptic and the understanding of time and more He also offers a theological framework for the myth of fallen angels through which to reconsider several New Testament texts the Synoptic Gospels the Gospel of John Acts Paul's letters and the book of Revelation Divinanimality Stephen D. Moore, 2014-09-15 A turn to the animal is underway in the humanities most obviously in such fields as philosophy literary studies cultural studies and religious studies One important catalyst for this development has been the remarkable body of animal theory issuing from such thinkers as Jacques Derrida and Donna Haraway What might the resulting interdisciplinary field commonly termed animality studies mean for theology biblical studies and other cognate disciplines Is it possible to move from animal theory to creaturely theology This volume is the first full length attempt to grapple centrally with these questions It attempts to triangulate philosophical and theoretical reflections on animality and humanity with theological reflections on divinity If the animal human distinction is being rethought and retheorized as never before then the animal human divine distinctions need to be rethought retheorized and retheologized along with it This is the task that the multidisciplinary team of theologians biblical scholars philosophers and historians assembled in this volume collectively undertakes They do so frequently with recourse to Derrida's animal philosophy and also with recourse to an eclectic range of other relevant thinkers such as Haraway Giorgio Agamben Emmanuel Levinas Gloria Anzaldua Helene Cixous A N Whitehead and Lynn White Jr The result is a volume that will be essential reading for religious studies audiences interested in ecological issues animality studies and posthumanism as well as for animality studies audiences interested in how constructions of the divine have informed constructions of the nonhuman animal through history **Identifying as Christian in an Alien Public Arena** Maureen Miner, Mark Stephens, 2021-01-01 Although Christianity is the world's largest religion there is confusion over what it means to be Christian within contemporary society For individuals it is difficult to find form or receive a Christian identity let alone maintain one within a secular world Within organizations such as the church and professions there is often a disconnection between public and private identities and the reality of being Christian in our culture For society there is the problem of disparate portrayals of Christianity the marginalized status of Christianity with an associated lack of influence of Christians

on our society and the ongoing shaping of Christian identity by the public arena itself Associated questions are should Christians try to engage in and even shape the public arena and if so how This volume examines the problem of confused and misunderstood Christian identity in a post Christian age It suggests ways of shaping Christian identity for the benefit of individuals and for the common good The importance of well formed Christian identities is illustrated by research and analysis of selected professions so that the public life of Christians can be more fulfilling and effective This book will be valuable for all those who are interested in religious identity within a secular society People of faith and religious organizations will benefit from a penetrating analysis of what it means to be Christian today Similarly those whose work involves the church counseling education and the performing arts will find specific applications that address concerns about faith in the workplace
